Overview of the PCHEES Data Model

PCHEES was built to provide data for Higher Education Enrollment Reports (HEER), Budget Driver Reports, and Public Higher Education Enrollment Projections published by the OFM Forecasting Division. Ten years of enrollment data collected from public four-year post-secondary institutions in Washington on the tenth day of each academic term were stored in the original PCHEES database.

PCHEES was expanded to accept institutional submissions of data on student admissions, term enrollment outcomes, and degree completions. This expansion was undertaken to support the research and reporting needs of higher education institutions, the Higher Education Coordinating Board (HECB), and OFM's Educational Research and Data Center (ERDC). The PCHEES database will serve as the primary source for public four-year higher education data in the ERDC's new Statewide Longitudinal Education Data System.

The following is a brief summary of the seven files that comprise the two PCHEES data collections:

1. A **TermDates** file consists of just one record providing the institution's term type (quarter or semester), term start date, term end date, and the data collection date for a collection term.

See [PCH-F0010](#) and [PCH-F0020](#) for detailed information about the two versions of this file.

2. The **Admission** file provides information about the student at the time the student was admitted to an institution. This data includes information relating to the student's origin (county, state and nation of citizenship), Running Start affiliation, last high school, previous higher education institution, previous credits and degrees completed and college entrance exam scores.

See [PCH-F0070](#) and [PCH-F0080](#) for detailed information about the two versions of this file.

3. The **Student** file provides information about the student's identifying information, demographic characteristics, baccalaureate class standing, first major, GPA and tuition fee related information.

See [PCH-F0090](#) and [PCH-F0100](#) for detailed information about the two versions of this file.

4. The **Course** file provides information about the courses that students can enroll in each term. This data includes information about course level, course name, course funding, credits hours, course subject CIP, how the instruction is delivered (e.g., face-to-face, web based), remedial learning indicator, start and end dates.

See [PCH-F0110](#) and [PCH-F0120](#) for detailed information about the two versions of this file.

5. The **Registration** file provides information about each student's course enrollment for the term. This data includes information on the student's State funding source for the enrollment, attempted credit hours, earned credit hours, grade and remedial learning indicator.

See [PCH-F0130](#) and [PCH-F0140](#) for detailed information about the two versions of this file.

6. A **Program** file provides information about the kinds of degree and certificate programs, also areas of academic concentration within such programs, in which students pursue a first major.
- An institution's own descriptions of the degree/certificate, field of study, and area of concentration (if any) associated with a student's program of study.
 - The IPEDS degree level for the student's academic program.
 - The total number of credits required for receipt of a degree/certificate in the paradigmatic case where a student is pursuing the degree/certificate as a first degree/certificate of that kind with only one major, no minors, and no endorsements. (As WSU, CWU and other institutions have reported, this data element -- previously contained in the Completion file -- was difficult to calculate because there it was a student-specific calculation tied to variable details about each student's program affiliations).

See [PCH-F0050](#) and [PCH-F0060](#) for detailed information about the two versions of this file.

7. The **Completion** file provides information about the certificates and degrees awarded to the student in the term. This data includes information on the certificate or degree program, area of concentration, credits earned toward the certificate/degree and teaching certification identifier.

See [PCH-F0150](#) for detailed information about this file.

General File Format Rules:

All data submission files must conform to the following general file format rules:

1. Files must be ISO-8859-1 or Windows-1252 encoded.
 2. Each record in the file must end with carriage return/line feed (CR/LF).
 3. Files must not contain blank lines.
 4. Files must not have lines made up entirely of white space characters (e.g., spaces and horizontal tabs).

PCH-E0302	Program Concentration Institutional Code	170-175	6

Data Submission Rules:

1. For each regular enrollment term, a reporting institution should submit Day10Program (along with the other files in the Day 10 collection) after the tenth day of enrollment.

2. For each summer enrollment term, a reporting institution should submit Day10Program (along with the other files in the Day 10 collection) either after the tenth day of enrollment or after completion of the term.
3. Each Day10Program file submitted by a reporting institution should contain one record for each area of concentration within each program of study leading to a degree or certificate that is offered by the reporting institution during the enrollment term.
4. Each Day10Program file submitted by a reporting institution should also contain one record assigning '00000000' to PCH-E0230 (Program Concentration ID) for each degree/certificate program of study offered by the reporting institution during the enrollment term if one or more of these circumstances apply:
 - a. the program of study does not offer areas of concentration;
 - b. the program of study offers areas of concentration but does not require its students to declare an area of concentration within the program (either at the time of entrance into the program or at any time); or
 - c. a student's program of study can be known but his/her area of concentration within the program might not be known.

A degree/certificate program of study to which rule 4a applies would be associated with one record only in the file, namely, one in which PCH-E0230 (Program Concentration ID) was assigned a value of '00000000' ; whereas a degree/certificate program of study to which either rule 4b or rule 4c applies would be associated not only with a record assigning '00000000' to PCH-E0230 (Program Concentration ID) but also with records for each area of concentration within the program of study (as specified in rule 3).

5. Non-credentialing programs or avenues of study (e.g., non-degree study for personal enrichment), also programs of study not leading to a degree or certificate but in which a degree-seeking student can second major or minor, should not be represented in the Day10Program file.
6. Each Day10Program file submitted by a reporting institution should contain one and only one record that covers cases where a student has not declared a first major or the student's program of study is a non-credentialing program or avenue of study (e.g., non-degree enrollment for personal enrichment). This record should have the following data element values:

For academic years 2007-08 through 2010-11 provide:

PCH-E0220 (Program ID)	99999999998 (Undeclared or Not Applicable)
PCH-E0230 (Program Concentration ID)	99999998 (Undeclared or Not Applicable)

PCH-E0280 (Program Field of Study CIP Code)	999998
PCH-E0290 (Program Concentration)	BLANK (30 spaces)
PCH-E0300 (Program Concentration CIP Code)	999998

Beginning academic year 2011-12 provide:

PCH-E0220 (Program ID)	99999999998 (Undeclared or Not Applicable)
PCH-E0230 (Program Concentration ID)	99999998 (Undeclared or Not Applicable)
PCH-E0240 (Program Degree/Certificate Acronym)	None
PCH-E0250 (Program Degree/Certificate Name)	Undeclared or Not Applicable
PCH-E0260 (Program Degree/Certificate Level)	98
PCH-E0262 (Program Completion Credits Required)	NULL
PCH-E0270 (Program Field of Study)	Undeclared or Not Applicable
PCH-E0280 (Program Field of Study CIP Code)	999998
PCH-E0290 (Program Concentration)	Undeclared or Not Applicable
PCH-E0300 (Program Concentration CIP Code)	999998

7. No record in a Day10Program file should duplicate the grain of another record in the file: the combination of values provided for PCH-E0010, PCH-E0050, PCH-E0090, PCH-E0220 and PCH-E0230 in a record should be unique to that record.

Data Submission Rules:

1. For each enrollment term, a reporting institution should submit FinalProgram (along with the other files in the Final collection) in July one academic year after the enrollment academic year.

2. Each FinalProgram file submitted by a reporting institution should contain one record for each area of concentration within each program of study leading to a degree or certificate that is offered by the reporting institution during the enrollment term.
3. Each FinalProgram file submitted by a reporting institution should also contain one record assigning '00000000' to PCH-E0230 (Program Concentration ID) for each degree/certificate program of study offered by the reporting institution during the enrollment term if one or more of these circumstances apply:
 - a. the program of study does not offer areas of concentration;

 - c. a student's program of study can be known but his/her area of concentration within the program might not be known.

A degree/certificate program of study to which rule 4a applies would be associated with one record only in the file, namely, one in which PCH-E0230 (Program Concentration ID) was assigned a value of '00000000' ; whereas a degree/certificate program of study to which either rule 4b or rule 4c applies would be associated not only with a record assigning '00000000' to PCH-E0230 (Program Concentration ID) but also with records for each area of concentration within the program of study (as specified in rule 3).

4. Non-credentialing programs or avenues of study (e.g., non-degree study for personal enrichment), also programs of study not leading to a degree or certificate but in which a degree-seeking student can second major or minor, should not be represented in the FinalProgram file.
5. Each FinalProgram file submitted by a reporting institution should contain one and only one record that covers cases where a student has not declared a first major or the student's program of study is a non-credentialing program or avenue of study (e.g., non-degree enrollment for personal enrichment). This record should have the following data element values:

For academic years 200708 through 201011 provide:

PCH-E0220 (Program ID)	999999999998 (Undeclared or Not Applicable)
PCH-E0230 (Program Concentration ID)	99999998 (Undeclared or Not Applicable)

PCH-E0290 (Program Concentration)	Undeclared or Not Applicable
PCH-E0300 (Program Concentration CIP Code)	999998

6. Pairings of PCH-E0220 (Program ID) and PCH-E0230 (Program Concentration ID) values provided in Day10Program.txt should correspond to the pairings provided in FinalProgram.txt (thereby allowing for record matches between the two collection files). NOTE: This rule will become effective beginning July 1, 2012 (when Final data for the 2010-11 academic year is submitted, this being the first academic year for which Day10 data will be submitted under the consolidated PCHEES data model).
 7. No record in a FinalProgram file should duplicate the grain of another record in the file: the combination of values provided for PCH-E0010, PCH-E0050, PCH-E0090, PCH-E0220 and PCH-E0230 in a record should be unique to that record.

Data Submission Rules:

1. For each regular enrollment term, a reporting institution should submit Day10Admission (along with the other files in the Day 10 collection) after the tenth day of enrollment.
2. For each summer enrollment term, a reporting institution should submit Day10Admission (along with the other files in the Day 10 collection) either after the tenth day of enrollment or after completion of the term.
3. Each Day10Admission file submitted by a reporting institution should contain one record each for all and only those students enrolled at the reporting institution as of the tenth day of the enrollment term.
4. No record in a Day10Admission file should duplicate the grain of another record in the file: the combination of values provided for PCH-E0010, PCH-E0050, PCH-E0090 and PCH-E0310 in a record should be unique to that record.
5. The value of PCH-E0310 (Student ID) used to uniquely identify a student in Day10Admission should correspond to the value of PCH-E310 provided for that student in Day10Student and in Day10Registration.
6. When the value submitted for PCH-E0505 (Student Admit Year) equals PCH-E0010 (Enrollment Year) and PCH-E0506 (Student Admit Term) equals PCH-E0050 (Enrollment Term) then the value of PCH-E0880 (Course Section Credit Hours Attempted) must be greater than zero in at least one of the student's records in Day10Registration.

Comments:

At the July 16, 2014 PCHEES Stakeholder meeting, institutions decided to use CIP 240102 (General Studies) for students with undeclared majors. The institutions needed this for financial aid reporting. There was no system change – the institutions simply agreed to submit data this way. Therefore data elements PCH-E0440 (Student First Major: Program ID) and PCH-E0442 (Student First Major: Program Concentration ID) may be coded this way.

PCH-E0432 (Student Primary Enrollment Site) is a foreign reference to PCH-E0140 (Enrollment Site ID).

PCH-E0434 (Baccalaureate Class Standing, previously Student Class Standing) was modified to apply to baccalaureate students only. Previously in PCHEES the class standing data element served as the basic classification scheme for types of students; this function is now provided by PCH-E0500 (Student Type).

PCH-E0440 (Student First Major: Program ID) is a foreign reference to PCH-E0220 (Program ID); while PCH-E0442 (Student First Major: Program Concentration ID) is a foreign reference to PCH-E0230 (Program Concentration ID).

PCH-E0472 (Student Non-Resident Tuition Fee Exemption 1) was previously called “Student Non-Resident Tuition Fee Exemption Type” and allowed institutions to report only one exemption per student. With the addition of PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2) and PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3), institutions can now report up to three exemptions per student.

PCH-E0480 (Student Tuition Fee Waiver 1) was previously called “Student Tuition Fee Waiver Type” and allowed institutions to report only one waiver per student. With the addition of PCH-E0481 (Student Tuition Fee Waiver 2) and PCH-E0482 (Student Tuition Fee Waiver 3), institutions can now report up to three waivers per student.

PCH-E0400 (Student Race 1) was previously called “Student Race” and allowed institutions to report only one piece of racial information about a student. The additional race fields PCH-E0401 through PCH-E0404 were added to capitalize on the more nuanced and comprehensive collection of racial information that will be required by federal and state rules beginning in 2010.

PCH-E0460 (Student Military Affiliation) was called “Student Veterans Status” for 199900-201617 and allowed institutions to report whether a student was a military veteran and, if so, of what era. Beginning 201718, the definition was changed to report if the student was a veteran, active duty military or dependent of an active military or veteran.

PCH-E0462 (Student Military Federal Benefits Type) was previously called ‘Student Veterans Federal Benefits Type’. On June 19, 2017 this data element was renamed to align with PCH-E0460 (Student Military Affiliation).

BLANK values were previously required for PCH-E0450 (Student Term GPA), PCH-E0452 (Student Cumulative Institutional GPA), and PCH-E0454 (Student Cumulative Overall GPA). Now ‘9.99’ (‘Unknown’) must be provided.

Each Day10Course file submitted by a reporting institution should contain one record each for all course sections in which one or more students were enrolled at the reporting institution as of the tenth day of the enrollment term. (There is no longer a restriction that requires that this file only contain course sections for which there were enrolled students.)
 4. No record in a Day10Course file should duplicate the grain of another record in the file: the combination of values provided for PCH-E0010, PCH-E0050, PCH-E0090, PCH-E0092, PCH-E0700 and PCH-E0710 in a record should be unique to that record.
 5. Any combination of PCH-E0700 (Course ID), PCH-E0710 (Course Section ID), and PCH-E0092 (Course Provider Campus ID) values used to uniquely identify a course section in Day10Course should be the same as that used to uniquely identify the same course section in Day10Registration (thereby allowing for record matches between the two collection files).

Data Submission Rules:

1. For each enrollment term, a reporting institution should submit FinalCourse (along with the other files in the Final collection) in July one academic year after the enrollment academic year.
 2. Each FinalCourse file submitted by a reporting institution should contain one record each for all: (a) those course sections in which one or more students were enrolled at the reporting institution as of the tenth day of the enrollment term; and (b) those course sections introduced after the tenth day of the enrollment term. This includes all course sections in 2a and 2b that were dropped after the tenth day of the enrollment term. 1. For each regular enrollment term, a reporting institution should submit Day10Registration (along with the other files in the Day 10 collection) after the tenth day of enrollment.
 2. For each summer enrollment term, a reporting institution should submit Day10Registration (along with the other files in the Day 10 collection) after the tenth day of enrollment or after completion of the term.
 3. Each Day10Registration file submitted by a reporting institution should contain one record for each course registration at the reporting institution active as of the tenth day of the enrollment term.

-

Comments: PCH-E0860 was renamed 'Course Section Registration State Funding Source' (from 'Course Section Registration State Funding Indicator') and lengthened from 1 to 3 characters to accommodate the data element's transformation from (i) a simple indicator flag for whether a course section registration is state-funded, to (ii) a data element with valid values representing a variety of state funding sources. This change was necessitated by the conversion of PCH-E0090 (Institution ID) to an institutional identifier; and it makes possible the retirement of the old Course Section Registration Contract Funding Type data element. PCHEES will no longer track non-state-funded contract funding.

Data Submission Rules:

1. For each enrollment term, a reporting institution should submit Completion (along with the other files in the Final collection) in July one academic year after the enrollment academic year.

WA Education Research & Data Center (Office of Financial Management, LEAP Committee)
 Public Centralized Higher Education Enrollment System (PCHEES)
 PCHEES Data Submission Guide (version 1.20.9)

2. Each Completion file submitted by a reporting institution should contain a record(s) for all and only those students completing a degree or certificate program(s) of study at the reporting institution during the enrollment term.
3. For student completers who were enrolled during their completion term, the unique value of PCH-E0310 (Student ID) provided for the completer in Completion.txt should correspond to the value of PCH-E0310 provided for the same student in FinalStudent.txt and in FinalAdmission.txt (thereby allowing for record matches between these collection files).
4. For student completers who were enrolled in earlier terms but not during their completion term, the unique value of PCH-E0310 (Student ID) provided for the student completer in Completion.txt should correspond to the value of PCH-E00310 provided for that student in PCHEES submissions for those earlier terms.
5. If the reporting institution has no completers to report, submit a Completion.txt file with a single 'No Completer' record having this layout:

FIELD ID	FIELD NAME	FIELD POSITION	FIELD LENGTH
<u>PCH-E0001</u>	Record Number	1-6	6
<u>PCH-E0040</u>	Student Completion Year	7-12	6
<u>PCH-E0080</u>	Student Completion Term	13-14	2
<u>PCH-E0090</u>	Institution ID	15-18	4
--	The 12-digit string 'No Completer'	19-30	12

Comments: PCH-E0930 (Student Completion First Major: Program ID) replaces the old Student Completion First Major data element, and is a foreign reference to PCH-E0220 (Program ID); while PCH-E0932 (Student Completion First Major: Program Concentration ID) is a foreign reference to PCH-E0230 (Program Concentration ID).

The old data element Student Degree Requirements Waived Indicator was dropped because several institutions have no way to determine this value except inferentially, by reporting 'Y' when (and only when) PCH-E0990 (Student Degree Non-Institutional Credits Earned) + PCH-E1000 (Student Degree Institutional Credits Earned) > PCH-E0262 (Program Completion Credits Required). That being the case, this information can be derived from those three data element values.

The data elements PCH-E0970 (Student Degree First Endorsement) and PCH-E0980 (Student Degree Second Endorsement) were dropped and replaced with PCH-E0970 (Student Teaching Certification ID). There is no longer any need for institutions to submit endorsement information to OFM, since OFM will be able to collect more of this information, and in greater detail, directly from OSPI once a student's OSPI Certification Number (PCH-E0970) is provided in PCHEES submissions.

Data Element: **Record Number**

ID: PCH-E0001

Definition: 6-digit integer string that uniquely identifies a record in a PCHEES collection file.

Example: 000145

Collection Files Containing Data Element:

PCH-F0010	Day10TermDates
PCH-F0020	FinalTermDates
PCH-F0050	Day10Program
PCH-F0060	FinalProgram
PCH-F0070	Day10Admission

PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration
PCH-F0150	Completion

Valid Values:

Any 6-digit integer string between '000000' and '999999'

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Value provided for a record number must be unique (i.e., it must represent one and only one record in the file).
-

Comments: New data element added January 8, 2009. Primary purpose is to allow easy reference to individual file records in validation error messages, providing easier identification of invalid file records when scrubbing data.

Data Element: **Institution ID**

ID: PCH-E0090

Definition: The unique four-digit CEEB code for a reporting institution.

Example: 4854

Collection Files Containing Data Element:

PCH-F0010	Day10TermDates
PCH-F0020	FinalTermDates
PCH-F0050	Day10Program
PCH-F0060	FinalProgram
PCH-F0070	Day10Admission

PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration
PCH-F0150	Completion

Valid Values:

See list of [valid values for PCH-E0090](#) in Appendix A.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must equal the reporting Institution ID sub-string (positions 1 through 4) in the name of the collection file (e.g., '4854' in '4854200708FLDay10Student.txt').

Comments: In the previous PCHEES data model, PCH-E0090 was called "Agency ID" and included educational institutions but also branch campuses of institutions as well as various educational partnerships. This has proven a nightmare from a data modeling perspective, from a reporting perspective, and from an

institutional data submission perspective, since those institutions with multiple campuses and/or educational partnerships have had to artificially separate student, course, and registration records into multiple sets of PCHEES collection files for each campus and partnership program. OFM has elected to revise the new PCHEES data model by limiting PCH-E0090 to a true Institution ID, thereby allowing institutions to submit just one set of PCHEES collection files. New data elements individuating campus and partnership enrollment activity were added to both the Day10 and Final versions of the Course, Registration, and Completion files.

Data Element: **Course Provider Campus ID**

ID: PCH-E0092

Definition: A unique two-digit code identifying a campus of a reporting institution that offers course sections for baccalaureate or post-baccalaureate credit.

Example: 10

Collection Files Containing Data Element:

PCH-F0010	Day10TermDates
PCH-F0020	FinalTermDates
PCH-F0110	Day10Course
PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration

Valid Values:

See list of [valid values for PCH-E0092](#) in Appendix A.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must be a campus affiliated with the value submitted for PCH-E0090 (Institution ID).
-

Comments: New data element added following conversion of PCH-E0090 to institutional identifier. (See comments for PCH-E0090.)

Name changed from 'Course Section Campus ID' to 'Course Provider Campus ID' so that data element can be used in Day10TermDates and FinalTermDates files.

Data Element: **Enrollment Year**

ID: PCH-E0010

Definition: The academic year to which a collection file's reporting term belongs, a 12 month period extending from the beginning of summer term of one calendar year to the end of spring term of the next calendar year.

Example: 200607

Collection Files Containing Data Element:

PCH-F0010	Day10TermDates
PCH-F0020	FinalTermDates
PCH-F0050	Day10Program
PCH-F0060	FinalProgram
PCH-F0070	Day10Admission
PCH-F0080	FinalAdmission
PCH-F0090	Day10Student
PCH-F0100	FinalStudent
PCH-F0110	Day10Course
PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration

Valid Values:

Any enrollment year expressed in the format 'XXXXYY', where 'XXXX' represents the starting calendar year, and 'YY' represents the last two digits of the ending calendar year, of the enrollment year (e.g., '200607' for the enrollment year beginning with the Summer 2006 term and ending with the Spring 2007 term).

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must equal the enrollment year sub-string (positions 5 through 10) in the name of the collection file (e.g., '200708' in '3603200708FLDay10Registration.txt').

Data Element: **Enrollment Term**

ID: PCH-E0050

Definition: The academic term (either a quarter or a semester) being reported in a collection file.

Example: FL

Collection Files Containing Data Element:

PCH-F0010	Day10TermDates
PCH-F0020	FinalTermDates
PCH-F0050	Day10Program
PCH-F0060	FinalProgram
PCH-F0070	Day10Admission
PCH-F0080	FinalAdmission
PCH-F0090	Day10Student
PCH-F0100	FinalStudent
PCH-F0110	Day10Course
PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration

Valid Values:

SM	Summer (Quarter System, Semester System)
FL	Fall (Quarter System, Semester System)
WN	Winter (Quarter System, Semester System for WSU College of Medicine)
SP	Spring (Quarter System, Semester System)

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must equal the enrollment term sub-string (positions 11 and 12) in the name of the collection file (e.g., 'FL' in '3603200708FLFinalRegistration.txt').

Data Element: **Enrollment Term System**

ID: PCH-E0100

Definition: The academic term system for a campus at an institution.

Example: Q

Collection Files Containing Data Element:

[PCH-F0010](#) Day10TermDates
[PCH-F0020](#) FinalTermDates

Valid Values:

Q Quarter System
S Semester System

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: This data element was previously called 'Term Indicator', and was included as a registration-specific element rather than as a campus-specific element.

Last Updated: July 24, 2008

Data Element: **Enrollment Term Start Date**

ID: PCH-E0110

Definition: The official date that an academic term begins on a campus at an institution.

Example: 20060828

Collection Files Containing Data Element:

[PCH-F0010](#) Day10TermDates
[PCH-F0020](#) FinalTermDates

Valid Values:

Any actual date expressed in the format 'YYYYMMDD', where 'YYYY' is the year (e.g., '2006'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. For summer terms that have more than one session, use the start date of the first session.
 3. The value provided should be earlier than the value provided for PCH-E0130 (Enrollment Term Census Date).
 4. The value provided should be earlier than the value provided for PCH-E0120 (Enrollment Term End Date).
 5. The calendar year represented in the value provided should fall within the two calendar year period represented by the value provided for PCH-E0010 (Enrollment Year)

Data Element: **Enrollment Term End Date**

ID: PCH-E0120

Definition: The official date that an academic term ends on a campus at an institution.

Example: 20061207

Collection Files Containing Data Element:

[PCH-F0010](#) Day10TermDates
[PCH-F0020](#) FinalTermDates

Valid Values:

Any actual date expressed in the format 'YYYYMMDD', where 'YYYY' is the year (e.g., '2006'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. For summer terms that have more than one session, provide the end date of the last session.
 3. The value provided should be later than the value provided for PCH-E0110 (Enrollment Term Start Date).
 4. The calendar year represented in the value provided should fall within the two calendar year period represented by the value provided for PCH-E0010 (Enrollment Year).
-

Comments:

Last Updated: July 24, 2008

Data Element: **Enrollment Term Census Date**

ID: PCH-E0130

Definition: The date of the term enrollment snapshot that is being reported (for Day10 collections, usually the tenth day of regular terms and either the tenth day or the last day of summer terms) on a campus at an institution.

Example: 20060908

Collection Files Containing Data Element:

[PCH-F0010](#) Day10TermDates
[PCH-F0020](#) FinalTermDates

Valid Values:

Any actual date expressed in the format 'YYYYMMDD', where 'YYYY' is the year (e.g., '2006'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value provided should be later than the value provided for PCH-E0110 (Enrollment Term Start Date).

Data Element: **Program ID**

ID: PCH-E0220

Definition: Twelve-character alphanumeric code that uniquely identifies a program of study leading to a degree or certificate at an institution.

Example: 123456ABCDEF

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

With the exception of the OFM-reserved code '999999999999', any twelve-character alphanumeric string that uniquely identifies a degree/certificate program of study at a reporting institution for the reporting term, also '999999999998' ('Undeclared or Not Applicable').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value provided must be unique (i.e., it must represent one and only one degree/certificate program of study). File records that provide the same value for PCH-E0220 should also provide the same value for PCH-E0240 (Program Degree/Certificate Acronym), PCH-E0250 (Program Degree/Certificate Name), PCH-E0260 (Program Degree/Certificate Level), PCH-E0270 (Program Field of Study), and PCH-E0280 (Program Field of Study CIP Code).
 3. Do not provide the OFM-reserved code '999999999999'.
 4. Provide '999999999998' ('Undeclared or Not Applicable') in Day10Program and FinalProgram records that cover cases where a student has not declared a first major or the student's program of study is a non-credentialing program or avenue of study (e.g., non-degree enrollment for personal enrichment). (See data submission rules for [PCH-F0050](#) (Day10Program) and [PCH-F0060](#) (FinalProgram) that require inclusion of such a record in Day10Program and FinalProgram files.)
 5. If Program ID has fewer than 12 characters, right pad or left pad with spaces until resulting string has 12 characters.
-

Comments: See data submission rules for [PCH-F0050](#) (Day10Program) and [PCH-F0060](#) (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 29, 2010

Data Element: **Program Concentration ID**

ID: PCH-E0230

Definition: Eight-character alphanumeric code that uniquely identifies an area of concentration (or no concentration) within a degree or certificate program of study offered by a reporting institution during the reporting term.

Example: 9876ZYXW

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

With the exception of the OFM-reserved code '99999999', any eight-character alphanumeric string that uniquely identifies an area of concentration within a degree or certificate program of study offered by a reporting institution during the reporting term. Also '00000000' ('None') and '999999999998' ('Undeclared or Not Applicable').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
2. The value provided must be unique (i.e., it must represent one and only one area of concentration within a program of study).
3. If a Program Concentration ID has fewer than 8 characters, right pad or left pad with spaces until resulting string has 8 characters.
4. Do not provide the OFM-reserved code '99999999'.
5. Provide '99999998' ('Undeclared or Not Applicable') if, and only if, the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').
6. For each distinct program of study represented in the collection file, provide a record assigning '00000000' ('None') as the Program Concentration ID value if one or more of these circumstances may apply:
 - a. the program of study does not offer areas of concentration;
 - b. the program of study offers areas of concentration but does not require its students to declare an area of concentration within the program (either at the time of entrance into the program or at any time); or
 - c. a student's program of study can be known but his/her area of concentration within the program might not be known.

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 29, 2010

Data Element: **Program Degree/Certificate Acronym**

ID: PCH-E0240

Definition: Acronym for the degree or certificate associated with a program of study offered by an institution.

Example: MFA

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Official acronyms for the degrees or certificates associated with programs of study at a reporting institution for the reporting term.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If value has fewer than 15 characters, then right pad or left pad with spaces until resulting string has 15 characters.
 3. Provide 'None' if the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 29, 2010

Data Element: **Program Degree/Certificate Name**

ID: PCH-E0250

Definition: Name of the degree or certificate associated with a program of study offered by a reporting institution.

Example: Master of Fine Arts

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Official names for the degrees or certificates associated with programs of study at an institution for the reporting term.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If value has fewer than 30 characters, then right pad or left pad with spaces until resulting string has 30 characters.
 3. Provide 'Undeclared or Not Applicable' if, and only if, the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 29, 2010

Data Element: **Program Degree/Certificate Level**

ID: PCH-E0260

Definition: Two-digit code designating the level of the degree or certificate associated with a program of study offered by an institution. Available codes are those used in the U.S. Department of Education's Integrated Post-Secondary Education Data System (IPEDS).

Example: 01

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Valid values for 2007-08 through 2009-10:

- 01 Postsecondary award, certificate, or diploma of less than one academic year (less than 900 contact or clock hours) received by student
- 02 Postsecondary award, certificate, or diploma of at least one but less than two academic years (at least 900 but less than 1800 contact or clock hours) received by student
- 03 Associate's degree received by student
- 04 Postsecondary award, certificate, or diploma of at least two but less than four academic years (at least 1800 contact or clock hours) received by student
- 05 Bachelor's degree
- 06 Post-baccalaureate certificate
- 07 Master's degree
- 08 Post-master's certificate
- 09 Doctor's degree
- 10 First-professional degree
- 11 First-professional certificate (Post-degree)
- 98 No degree or certificate

Valid values beginning 2010-11:

- 01 Postsecondary award, certificate, or diploma of less than one academic year (less than 900 contact or clock hours) received by student
- 02 Postsecondary award, certificate, or diploma of at least one but less than two academic years (at least 900 but less than 1800 contact or clock hours) received by student
- 03 Associate's degree received by student
- 04 Postsecondary award, certificate, or diploma of at least two but less than four academic years (at least 1800 contact or clock hours) received by student

- 05 Bachelor's degree
- 06 Post-baccalaureate certificate
- 07 Master's degree
- 08 Post-master's certificate
- 17 Doctor's Degrees (Research/Scholarship)
- 18 Doctor's Degrees (Professional Practice)
- 19 Doctor's Degrees (Other)
- 98 No degree or certificate

One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '98' if, and only if, the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: June 16, 2011

Data Element: **Program Completion Credits Required**

ID: PCH-E0262

Definition: Total number of credits required for receipt of a degree/certificate **by students entering the program during the reporting term**, based on the paradigmatic case where a student is pursuing the degree/certificate as a first degree/certificate of that kind with only one major, no minors, and no endorsements.

Example: 180.00

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Any six-digit decimal numeric string, expressed in 'XXX.XX' format, between '001.00' and '999.99'

Data Submission Rules:

1. A valid value or six spaces must be provided in the appropriate field position in the collection file.
 2. Provide six spaces if: (a) the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable'); or if (b) the program is one in which the total number of credits required for receipt of a degree/certificate varies from student to student.
-

Comments: This data element was previously located in Completion.txt.

Last Updated: January 29, 2010

Data Element: **Program Field of Study**

ID: PCH-E0270

Definition: Institutional description of the field of study associated with a degree or certificate program of study offered by an institution.

Example: Creative Writing

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Institutional descriptions for fields of study associated with degree or certificate programs of study offered by a reporting institution during a reporting term. (A description provided by the institution need not match the NCES Classification of Instructional Programs (CIP) description for the field of study.)

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If value has fewer than 30 characters, then right pad or left pad with spaces until resulting string has 30 characters.
 3. Provide 'Undeclared or Not Applicable' if, and only if, the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 29, 2010

Data Element: **Program Field of Study CIP Code**

ID: PCH-E0280

Definition: Six-digit NCES Classification of Instructional Programs (CIP) code for the field of study associated with a degree or certificate program offered by a reporting institution.

Example: 230501

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Any valid six-digit NCES 2000 or NCES 2010 Classification of Instructional Programs (CIP) code in 'XXXXXX' format

See list of valid values for PCH-E0280 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.
 3. Provide '999998' if the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 29, 2010

Data Element: **Program Field of Study Institutional Code**

ID: PCH-E0282

Definition: Six-character alphanumeric institutional code for the field of study associated with a degree or certificate program offered by an institution.

Example: CW1330

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Any six-character alphanumeric string used by a reporting institution to represent the field of study associated with a degree or certificate program offered by the reporting institution. (This string need not match the NCES 2000 Classification of Instructional Programs (CIP) code for the field of study.)

Data Submission Rules:

1. A valid value or 6 spaces must be provided in the appropriate field position in the collection file.
 2. If value has fewer than 6 characters, then right pad or left pad with spaces until resulting string has 6 characters.
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Last Updated: January 16, 2009

Data Element: **Program Concentration**

ID: PCH-E0290

Definition: Institutional description of an area of concentration (or no or unknown concentration) within a degree or certificate program of study offered by an institution during the reporting term.

Example: Non-Fiction Writing

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Institutional descriptions for areas of concentration within programs of study offered by a reporting institution during a reporting term (A description provided by the institution need not match the NCES Classification of Instructional Programs (CIP) description for the area of concentration.)

Data Submission Rules:

For academic years 2007-08 through 2010-11:

1. A valid value or 30 spaces must be provided in the appropriate field position in the collection file.
2. If value has fewer than 30 characters, then right pad or left pad with spaces until resulting string has 30 characters.
3. Provide 30 spaces if the value provided for Program Concentration ID (PCH-E0230) equals '00000000' ('None') or '99999998' ('Undeclared or Not Applicable').

Beginning academic year 2011-12:

1. A valid value, 'None' or 'Undeclared or Not Applicable' must be provided in the appropriate field position in the collection file.
2. If value has fewer than 30 characters, then right pad or left pad with spaces until resulting string has 30 characters.
3. Provide 'None' if the value provided for Program Concentration ID (PCH-E0230) equals '00000000' ('None').
4. Provide 'Undeclared or Not Applicable' if the value provided for Program Concentration ID (PCH-E0230) equals '99999998' ('Undeclared or Not Applicable').

Data Element: **Program Concentration CIP Code**

ID: PCH-E0300

Definition: Six-digit NCES Classification of Instructional Programs (CIP) code for an area of concentration within the field of study associated with a degree or certificate program offered by an institution. (In some cases this code may equal that for the program's field of study and/or that for other areas of concentration within the program's field of study.)

Example: 230501

Collection Files Containing Data Element:

[PCH-F0050](#) Day10Program
[PCH-F0060](#) FinalProgram

Valid Values:

Any valid six-digit NCES 2000 or NCES 2010 Classification of Instructional Programs (CIP) code in 'XXXXXX' format

See list of valid values for PCH-E0300 under the Documentation tab in the PCHEES system.

Data Submission Rules:

For academic years 2007-08 through 2010-11:

1. A valid value must be provided in the appropriate field position in the collection file.
2. Provide for PCH-E0300 the value provided for Program Field of Study CIP Code (PCH-E0280) if the value provided for Concentration ID (PCH-E0230) equals '00000000' ('None').
3. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.
4. Provide '999998' if the value provided for PCH-E0220 (Program ID) equals '999999999998' ('Undeclared or Not Applicable').

Beginning academic year 2011-12:

1. A valid value must be provided in the appropriate field position in the collection file.
2. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.

3. Provide '999998' ('None') if the value provided for Program Concentration ID (PCH-E0230) equals '00000000' ('None') or '99999998' ('Undeclared or Not Applicable').

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

[PCH-F0060](#) FinalProgram

Valid Values:

Any six-character alphanumeric string used by a reporting institution to represent an area of concentration within the field of study associated with a degree or certificate program offered by the reporting institution. (This string need not match the NCES 2000 Classification of Instructional Programs (CIP) code for the area of concentration.)

Data Submission Rules:

1. A valid value or 6 spaces must be provided in the appropriate field position in the collection file.
 2. If value has fewer than 6 characters, then right pad or left pad with spaces until resulting string has 6 characters.
-

Comments: See data submission rules for PCH-F0050 (Day10Program) and PCH-F0060 (FinalProgram), which explain that program records are limited to those identifying degree/certificate programs, thus excluding non-credentialing programs or avenues of study as well as programs in which students can only second major or minor.

Data Element: **Student ID (Institution)**

ID: PCH-E0310

Definition: Unique student identification code maintained at a reporting institution.

Example: 000123456

Collection Files Containing Data Element:

PCH-F0070	Day10Admission
PCH-F0080	FinalAdmission
PCH-F0090	Day10Student
PCH-F0100	FinalStudent
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration
PCH-F0150	Completion

Valid Values:

Any 9-digit string that uniquely identifies a student enrolled at a reporting institution.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If a student identification code maintained by the reporting institution has fewer than 9 digits, then left pad with zeros until resulting string has 9 digits.
 3. The value of PCH-E0310 (Student ID) used to uniquely identify a student in one file – either Admission, Student, Registration, or Completion (in the case of Final collections when the student is a completer) – in a collection should correspond to the value of PCH-E310 provided for that student in the other files in that collection.
 4. The value of PCH-E0310 (Student ID) used to uniquely identify a student in a Final collection file (e.g., FinalAdmission) should be the same as that used to uniquely identify the same student in the corresponding Day10 file (e.g., Day10Admission), thereby allowing for record matches between the two collection files). NOTE: This rule will become effective beginning July 1, 2012 (when Final data for the 2010-11 academic year is submitted, this being the first academic year for which Day10 data will be submitted under the consolidated PCHEES data model).

Data Element: **Student Last Name**

ID: PCH-E0330

Definition: The last name of a student.

Example: Smith

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student

[PCH-F0100](#) FinalStudent

Valid Values:

Any 50 character string that correctly provides the last name of a student enrolled at a reporting institution for the reporting term.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If a last name has fewer than 50 characters, then right pad or left pad with spaces until resulting string has 50 characters.
-

Comments: Previously institutions were required to report a student's entire name in 'Last, First Middle' format.

Last Updated: August 19, 2008

Data Element: **Student First Name**

ID: PCH-E0340

Definition: The first name of a student.

Example: John

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any character string that correctly provides the first name of a student enrolled at a reporting institution for the reporting term.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If a first name has fewer than 25 characters, then right pad or left pad with spaces until resulting string has 25 characters.
-

Comments: Previously institutions were required to report a student's entire name in 'Last, First Middle' format.

Last Updated: August 19, 2008

Data Element: **Student Middle Name**

ID: PCH-E0350

Definition: The middle name or middle initial of a student.

Example: Doe

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any character string that correctly provides the middle name or the middle initial of a student enrolled at a reporting institution for the reporting term.

Data Submission Rules:

1. A valid value or 25 spaces must be provided in the appropriate field position in the collection file.
 2. If a middle name or initial has fewer than 25 characters, then right pad or left pad with spaces until resulting string has 25 characters.
-

Comments: Previously institutions were required to report a student's entire name in 'Last, First Middle' format.

Last Updated: August 19, 2008

Data Element: **Student Name Suffix**

ID: PCH-E0360

Definition: The suffix to a student's name.

Example: Jr.

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any character string that correctly provides the name suffix of a student enrolled at a reporting institution for the reporting term.

Data Submission Rules:

1. A valid value or 5 spaces must be provided in the appropriate field position in the collection file.
 2. If a name suffix has fewer than 5 characters, then right pad or left pad with spaces until resulting string has 5 characters.
-

Data Element: **Student SSN**

ID: PCH-E0370

Definition: The nine-digit Social Security Number (SSN) for a student.

Example: 123456789

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any 9-digit integer string that correctly provides the Social Security Number (SSN) of a student enrolled at a reporting institution for the reporting term.

Data Submission Rules:

1. If a student's SSN is available, then it must be provided in the appropriate field position in the collection file. Otherwise, provide 9 spaces.
-

Data Element: **Student Birth Date**

ID: PCH-E0380

Definition: The birth date of a student in 'YYYYMMDD' format.

Example: 19890727

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any character string that correctly provides the birth date of a student enrolled at a reporting institution for the reporting term, expressed in 'YYYYMMDD' format where 'YYYY' is the year (e.g., '2006'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. If a student's birth date is available, then it must be provided in 'YYYYMMDD' format in the appropriate field position in the collection file. Otherwise, provide 8 spaces.
 2. Birth date provided must correspond to an age between 10 and 110 years.

Data Element: **Student Sex**

ID: PCH-E0390

Definition: The sex of a student.

Sex X was added beginning in 201718. Sex X means "a gender that is not exclusively male or female, including, but not limited to, intersex, agender, amalgagender, androgynous, bigender, demigender, female-to-male, genderfluid, genderqueer, male-to-female, neutrois, nonbinary, pangender, third sex, transgender, transsexual, Two Spirit, and unspecified,"

Example: F

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Valid values for 2007-08 through 201617:

F Female
M Male
9 Unknown

Valid values beginning 201718:

F Female
M Male
X Sex X
9 Unknown

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: This date element was previously called 'Gender'.

Data Element: **Student Race 1**

ID: PCH-E0400

Definition: A 3-digit code identifying a racial/ethnic origin of a student. (First in a series of five)

Example: 123

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

See list of valid values for PCH-E0400 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value or 3 spaces must be provided in the appropriate field position in the collection file.
 2. Do not provide a valid value that is also provided for one of the four other race fields (PCH-E0401 through PCH-E0404).
-

Comments: Four new race fields were added to complement this field.

Last Updated: July 5, 2009

Data Element: **Student Race 2**

ID: PCH-E0401

Definition: A 3-digit code identifying a racial/ethnic origin of a student. (Second in a series of five)

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

See list of valid values for PCH-E0401 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value or 3 spaces must be provided in the appropriate field position in the collection file.
 2. Do not provide a valid value that is also provided for one of the four other race fields (PCH-E0400 and PCH-E0402 through PCH-E0404).
-

Comments: This is one of four new race fields that were added to complement the original one race field.

Last Updated: March 1, 2009

Data Element: **Student Race 3**

ID: PCH-E0402

Definition: A 3-digit code identifying a racial/ethnic origin of a student. (Third in a series of five)

Data Element: **Student Hispanic Identity 1**

ID: PCH-E0410

Definition: A 3-digit code providing a Hispanic identity of a student. (First in a series of three)

Example: 123

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

See list of valid values for PCH-E0410 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value or 3 spaces must be provided in the appropriate field position in the collection file.
 2. Do not provide a valid value that is also provided for one of the two other Hispanic identity fields (PCH-E0411 and PCH-E0412).
 3. Do not provide 'H20' ('Non-Hispanic') if a value denoting an Hispanic origin (i.e., any value other than 'H20' or '999') is provided for one of the two other Hispanic identity fields (PCH-E0411 and PCH-E0412).
-

Comments: Two new Hispanic identity fields were added to complement this field.

Last Updated: July 5, 2009

Data Element: **Student Hispanic Identity 2**

Data Element: **Student U.S. Immigration Status**

ID: PCH-E0420

Definition: A two-alpha character code indicating the U.S. citizenship and/or visa type of students.

Example: YY

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

XX US Citizen
YY Immigrant
ZZ Non-Immigrant
99 Unknown

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide 'XX' ('U.S. Citizen') if '840' ('United States of America') was provided for PCH-E0530 (Student Nation of Citizenship at Last Admission).
-

Comments:

In the original PCHEES III data model, some valid values were one-alpha character codes (e.g., 'C' for 'US Citizen'). These were changed to two-alpha character codes.

On 6/19/2017 the list of valid values was simplified and all previously submitted us_immigration_status values were updated so they conformed to the new valid values. Old codes were converted as follows:

US Immigration Status	Description	Old Codes that were Converted
99	Unknown	99
XX	US Citizen	CZ
YY	Immigrant	PR, RT
ZZ	Non-Immigrant	All other codes that are not 99, CZ, PR or RT

Data Element: **Student WA Residency Status**

ID: PCH-E0430

Definition: A 1-alpha character code indicating whether a student is a resident of the state of Washington as defined in [RCW 28B.15.012](#).

Example: R

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

R	Resident
N	Non-Resident
9	Unknown

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Last Updated: September 28, 2010

Data Element: **Student Admission Campus ID**

ID: PCH-E0096

Definition: A unique two-digit code identifying the campus of a reporting institution to which a student was last admitted in his/her current status (e.g., as a baccalaureate student entering after high school).

Example: 10

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

See list of [valid values for PCH-E0096](#) in Appendix A. For multi-campus institutions, submit '99' ('Unknown') when the campus to which a student was last admitted is not known (because, for example, the student is returning to study after a long absence and admission records that far back are not available).

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must be a campus affiliated with the value submitted for PCH-E0090 (Institution ID).
-

Comments: New data element added following conversion of PCH-E0090 to institutional identifier. (See comments for PCH-E0090.)

Last Updated: June 3, 2009

Data Element: **Student Primary Enrollment Campus ID**

ID: PCH-E0098

Definition: Unique two-digit code indicating the primary campus providing courses in which a student is enrolled. (This is the campus providing the most of a student's credit hours or -- in cases where two or more campuses provide the same number of course hours -- the campus at which the student first registered for classes.)

Example: 10

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

See list of [valid values for PCH-E0098](#) in Appendix A.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must be a campus affiliated with the value submitted for PCH-E0090 (Institution ID).
 3. When a completing student is not enrolled then provide the campus that awarded the completion. When a student has more than one completion in the same term and the awarding campuses are different then Provide the campus with the highest number of awards (in case of a tie, then the institution can provide either one) in PCH-E0098 (Student Primary Enrollment Campus ID)
-

Comments: New data element added following conversion of PCH-E0090 to institutional identifier. (See comments for PCH-E0090)

Last Updated: May 4, 2018

Data Element: **Student Primary Enrollment Site**

ID: PCH-E0432

Definition: Eight-digit code indicating the primary site at which students enrolled at a reporting institution receive instruction. (This is the site where a student is attempting the most credit hours, or -- in cases where a student is attempting equal credit hours at multiple sites -- the site at which the student first registered for classes.)

Example: 12345678

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

See list of valid values for PCH-E0432 under the Documentation tab in the PCHEES system.

Primary enrollment site codes for higher education institutions consist of '1000' + the 4-digit CEEB code for the institution.

Primary enrollment site codes for high schools consist of '20' + the 6-digit CEEB code for the high school.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '99999994' ('Other Site: In-State') if a student's primary enrollment site is a Washington site not listed as a valid value for PCH-E0432.
 3. Provide '99999995' ('Other Site: Out-of-State (Domestic)') if a student's primary enrollment site is an out-of-state domestic site(s).
 4. Provide '99999996' ('Other Site: Out-of-State (International)') if a student's primary enrollment site is an international site(s).
 5. Provide '99999998' ('No Site') if most of a student's instruction is delivered virtually (e.g., asynchronous web-based instruction) or to the student's home (e.g., correspondence instruction) rather than in a classroom or lab setting (either on a campus or at an off-campus site).
 6. When a completing student is not enrolled then provide the primary enrollment site that awarded the completion.
-

Comments: Valid values are no longer provided via institutional submission of 'Day10Site' and 'FinalSite' collection files. Rather, OFM will manage valid values centrally.

Last Updated: May 4, 2018

Data Element: **Baccalaureate Class Standing**

ID: PCH-E0434

Definition: Two-digit code indicating the beginning-of-term class standing of a student pursuing a first bachelor's degree at an institution, where such standing is a function of the total number of degree-creditable hours earned by the student prior to the term.

Example: 01

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

- 01 **Freshman** – A student pursuing a first bachelor's degree at the reporting institution during the reporting term who, as of the beginning of the term, has earned 0-44 quarter hours or 0-29 semester hours creditable toward that degree.
- 02 **Sophomore** -- A student pursuing a first bachelor's degree at the reporting institution during the reporting term who, as of the beginning of the term, has earned 45-89 quarter hours or 30-59 semester hours creditable toward that degree.
- 03 **Junior** -- A student pursuing a first bachelor's degree at the reporting institution during the reporting term who, as of the beginning of the term, has earned 90-134 quarter hours or 60-89 semester hours creditable toward that degree.
- 04 **Senior** -- A student pursuing a first bachelor's degree at the reporting institution during the reporting term who, as of the beginning of the term, has earned 135+ quarter hours or 90+ semester hours creditable toward that degree.
- 88 **Not a Baccalaureate Student** – A student not pursuing a first bachelor's degree. This includes high school dual enrollment students, post-baccalaureate students, graduate students, professional students, and non-degree students.
- 99 **Unknown.**
-

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
2. Provide '88' ('Not a Baccalaureate Student') if, and only if, the value provided for PCH-E0500 (Student Type) does not equal '20' (Other Transition to Baccalaureate Degree Seeking Status), '21' (Baccalaureate Student Entering After High School), '22' ('Baccalaureate Transfer Student'), or '23' ('Unknown Baccalaureate Student').

3. Provide '99' ('Unknown') if, and only if, the value provided for PCH-E0500 ('Student Type') equals '99' ('Unknown').
When the class standing of a baccalaureate student is not precisely known because of delays in processing transfer credits, provide the value of PCH-E0434 that corresponds best to what is currently known about the hours earned by the student.

Comments: Data element modified to apply to baccalaureate students only. Previously in PCHEES the class standing data element served as the basic classification scheme for types of students; this function is now provided by PCH-E0500 (Student Type).

Data Element: **Student First Major: Program ID**

ID: PCH-E0440

Definition: Twelve-character alphanumeric code identifying the declared Program ID (PCH-E0220) for the student's primary (main) degree or certificate program at a reporting institution during a reporting term.

Example: 123456ABCDEF

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any twelve-character alphanumeric value for PCH-E0220 (Program ID) provided by a reporting campus/institution (as reported in Day10Program.txt or in FinalProgram.txt), also '999999999998' ('Undeclared or Not Applicable').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '999999999998' ('Undeclared or Not Applicable') if, and only if, either a student has not declared a first major or the student's program of study is a non-credentialing program or avenue of study (e.g., non-degree enrollment for personal enrichment), hence not represented in the Day10Program.txt or FinalProgram.txt file.
-

Comments:

At the July 16, 2014 PCHEES Stakeholder meeting, institutions decided to use CIP 240102 (General Studies) for students with undeclared majors. The institutions needed this for financial aid reporting. There was no system change – the institutions simply agreed to submit data this way. Therefore data elements PCH-E0440 (Student First Major: Program ID) and PCH-E0442 (Student First Major: Program Concentration ID) may be coded this way.

Last Updated: September 21, 2017

Data Element: **Student First Major: Program Concentration ID**

ID: PCH-E0442

Definition: Eight-character alphanumeric code identifying the declared Concentration ID (PCH-E0230) for the student's primary (main) degree or certificate program at a reporting institution during a reporting term.

Example: 1234ABCD

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Any 8-character alphanumeric value for PCH-E0230 (Program Concentration ID) affiliated with any value for PCH-E0220 (Program ID) provided by an institution (as reported in Day10Program.txt or in FinalProgram.txt), also '99999998' ('Undeclared or Not Applicable').

Data Submission Rules:

1. A valid value or '99999998' ('Undeclared or Not Applicable') must be provided in the appropriate field position in the collection file.
 2. Any valid value provided for this data element must be a value of PCH-E0230 (Program Concentration ID) affiliated in Day10Program.txt or FinalProgram.txt with the value of PCH-E0220 (Program ID) provided for PCH-E0440 (Student First Major: Program ID).
 3. Provide '99999998' ('Undeclared or Not Applicable') for this data element if and only if, '999999999998' ('Undeclared or Not Applicable') is provided for PCH-E0440 (Student First Major: Program ID).
-

Comments:

At the July 16, 2014 PCHEES Stakeholder meeting, institutions decided to use CIP 240102 (General Studies) for students with undeclared majors. [PCH-F0100](#) FinalStudent

Valid Values:

Valid Values for academic years less than 201718

10 Veteran, Before Global War on Terrorism
11 Veteran, Global War on Terrorism
19 Veteran, Period of Service Unknown
20 Not a Veteran
99 Unknown

Valid Values for academic years greater than or equal to 201718

30 Active Duty Military
31 Veteran (a person who served in the active military, naval, or air service and who was discharged or released under conditions other than dishonorable.)
32 Dependent or survivor of an active duty member or veteran
99 Unknown

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. PCH-E0460 (Military Affiliation) cannot be 99 (Unknown) when PCH-E0462 (Military Federal Benefit Type) is 10, 11, 12, 13, 15, or 16.

Comments: The Veteran Status data element was originally added at the request of UW. PCH-E0460 (Student Military Affiliation) was called "Student Veterans Status" for 199900-201617 and allowed institutions to report whether a student was a military veteran and, if so, of what era. Beginning 201718, the definition was changed to report if the student was a veteran, active duty military or dependent of an active military or veteran.

Valid Values:

10 Standard Resident Tuition Fees Paid and No Non-Standard (Self-Sustaining) Tuition Fees Paid
20 Standard Non-Resident Tuition Fees Paid and No Non-Standard (Self-Sustaining) Tuition Fees Paid
15 Partial Non-Resident Tuition Fees Paid and No Non-Standard (Self-Sustaining) Tuition Fees Paid
30 Non-Standard (Self-Sustaining) Tuition Fees Paid and No Standard Tuition Fees Paid
40 Standard Resident Tuition Fees Paid and Non-Standard (Self-Sustaining) Tuition Fees Paid
45 Partial Non-resident tuition fees paid and Non-Standard (Self-Sustaining) Tuition Fees Paid
50 Standard Non-Resident Tuition Fees Paid & Non-Standard (Self-Sustaining) Tuition Fees Paid
90 No Tuition Fees Paid

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. '10','30','40', or '90' must be provided if the value provided for PCH-E0430 (Student WA Residency Status) equals 'R' ('Resident').
 3. '30' or '90' must be provided if the value provided for PCH-E0430 (Student WA Residency Status) equals '9' ('Unknown').

Data Element: **Student Non-Resident Tuition Fee Exemption 1**

ID: PCH-E0472

Definition: Two-digit code indicating a type of exemption from non-resident tuition fees differential received by a student at a reporting institution for a reporting term, as defined in [RCW 28B.15.014](#). (First in a series of three)

Example: 10

Collection Files Containing Data Element:

[PCH-F0100](#) FinalStudent

Valid Values:

- 10 Border-State Medicine & Dentistry Programs Exemption (e.g., WAMI) (RCW 28B.15.225)
 - 11 American Indian Student Exemption (RCW 28B.15.0131)
 - 12 Border County Student Exemption (RCW 28B.15.0139)
 - 13 Western Undergraduate Exchange Program Exemption (RCW 28B.15.544)
 - 14 Border-State Reciprocity Programs Exemption – OR, ID, BC (RCW 28B.15.730,750,756)
 - 15 Institutional Exemption (RCW 28B.15.014)
 - 16 Other Exemption
-

Data Submission Rules:

1. A valid value or 2 spaces must be provided in the appropriate field position in the collection file.
2. For all valid values except for 15 and 16, do not provide a valid value that is also provided for PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2) or for PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3).
3. 2 spaces must be provided if the value provided for PCH-E0470 (Student Tuition Fee Type) equals '20' ('Standard Non-Resident Tuition Fees Paid and No Non-Standard Tuition Fees Paid') or '50' ('Standard Non-Resident Tuition Fees Paid and Non-Standard Tuition Fees Paid').
4. 2 spaces must be provided if the value provided for PCH-E0430 (Student WA Residency Status) equals 'R' ('Resident').
5. If a student has no exemptions, then provide two spaces for this data element, for PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2), and for PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3).
6. If a student has four or more exemptions, then report one exemption each of any three exemptions in this data element, in PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2), and in PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3).

7. If '11' ('American Indian Student Exemption') is provided for this data element, one or more of the student's registration records must provide a value of '901' ('No State Funds') for PCH-E0860 (Course Section Registration State Funding Source).
 8. At least one valid value must be provided for PCH-E0472 (Student Non-Resident Tuition Fee Exemption 1) or PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2) or PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3) when either of the following conditions is true:
 - a. PCH-E0430 (Student WA Residency Status = 'N' and PCH-E0470 (Student Tuition Fee Type) equals '15' ('Partial Non-Resident Tuition Fees Paid and No Non-Standard (Self-Sustaining) Tuition Fees Paid')
 - b. PCH-E0430 (Student WA Residency Status = 'N' and PCH-E0470 (Student Tuition Fee Type) equals '45' ('Partial Non-resident tuition fees paid and Non-Standard (Self-Sustaining) Tuition Fees Paid')
-

Comments: This data element was previously called "Student Non-Resident Tuition Fee Exemption Type" and allowed institutions to report only one exemption per student. With the addition of PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2) and PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3), institutions can now report up to three exemptions per student.

Data Element: **Student Self-Reported Disability Status**

ID: PCH-E0490

Definition: One-character alphanumeric code indicating whether a student reported having a physical or mental impairment which substantially limits one or more major life activities, such as seeing, hearing, speaking, walking, learning, working, etc.

Example: Y

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Y Student reports having a disability
N Student reports not having a disability
9 Disability status of student is not known (previously 'U')

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: OFM is currently re-evaluating the usefulness of this data element with an eye to possibly retiring it after the 2009-10 PCHEES collection cycle.

Last Updated: September 9, 2008

Data Element: **Student Pell Grant Status**

ID: PCH-E0491

Definition: One-character alphanumeric code indicating whether a student received a Pell grant during the term.

Example: Y

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Y Student received a Pell Grant
N Student did not receive a Pell Grant
9 Student's Pell grant status is not known

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '9' (Student's Pell grant status is not known) in all Day10Admission collection file records.
 3. Provide 'Y' (Student received a Pell Grant) or 'N' (Student did not receive a Pell Grant) for Final Student collection file records when PCH-E0500 (Student Type) is not 41, 42, 43, 44 or 50.
 4. Provide 'N' (Student did not receive a Pell Grant) in the appropriate field position in the Final Student collection file when PCH-E0500 (Student Type) is 41, 42, 43, 44 or 50.

Data Element: **Student Washington College Grant Status**

ID: PCH-E0492

Definition: One-character alphanumeric code indicating whether a student received a **Washington College Grant** (previously known as the **State Need Grant**) during the term. See the comment below about the name change.

Example: Y

Collection Files Containing Data Element:

[PCH-F0090](#) Day10Student
[PCH-F0100](#) FinalStudent

Valid Values:

Y Student received a **Washington College** grant
N Student did not receive a **Washington College** grant
9 Student's **Washington College** grant status is not known

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '9' (Student's Washington College grant status is not known) in all Day10 Admission collection file records.
 3. Provide 'Y' (Student received a Washington College or 'N' (Student did not receive a Washington College Grant) for Final Student collection file records when PCH-E0500 (Student Type) is not 41, 42, 43, 44 or 50.
 4. Provide 'N' (Student did not receive a Washington College Grant) in the appropriate field position in the Final Student collection file when PCH-E0500 (Student Type) is 41, 42, 43, 44 or 50.
-

Comments: In July 2019, the name for the State Need grant was changed to Washington College grant. Large changes in eligibility became effective beginning with academic year 202021.

Last Updated: May 6 2020

Data Element: **Student Type**

ID: PCH-E0500

Definition: Two-digit code indicating the current category of a student's enrollment at an institution.

Example: 21

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

- 10 **High School Dual Enrollment Student** -- A high school student enrolled during the reporting term as a dual enrollment student (e.g., Running Start) at the reporting institution.
- 20 **Other Transition to Baccalaureate Degree Seeking Status** – A student enrolled during the reporting term in a program of study leading to a first bachelor's degree at the reporting institution who first enrolled as a non-degree seeking student.
Excludes:
1. Students who began their studies at the reporting institution following completion of high school or an equivalent (e.g., home school), including early admits to baccalaureate study and former high school dual enrollment students. (Use code 21)
 2. Students who were previously enrolled after high school as a student at a postsecondary institution who have not yet earned a Bachelor's degree. (Use code 22)
 3. Baccalaureate students whose last admission status is unknown. (Use code 23)
- 21 **Baccalaureate Student Entering After High School** -- A student enrolled during the reporting term in a program of study leading to a first bachelor's degree at the reporting institution who began these studies at the reporting institution following completion of high school or an equivalent avenue of academic preparation (e.g., home school). Includes early admits to baccalaureate study, also former high school dual enrollment students (regardless of where they were enrolled as dual enrollment students).
- 22 **Baccalaureate Transfer Student** – A student enrolled during the reporting term in a program of study leading to a first bachelor's degree at the reporting institution who was previously enrolled after high school as a student at a postsecondary institution.
- 23 **Unknown Baccalaureate Student** – A student enrolled during the reporting term in a program of study leading to a first bachelor's degree, but whose last admissions status is unknown.
- 30 **Other Undergraduate Student** – A student taking undergraduate courses for credit during the reporting term at the reporting institution who is not formally enrolled in a program of study leading to a Bachelor's degree. Includes non-degree or certificate students (previously described as a "Non-Matriculated") as well as students who already have a bachelor's degree from a postsecondary institution (previously described as "Unclassified 5") but who are enrolled during the reporting term in a course of study creditable toward a second bachelor's degree or certificate.
Excludes:
1. High school dual enrollment students. (Use code 10)

2. Baccalaureate students (i.e., a student pursuing a first bachelor's degree; see codes 20-23)
 3. Students transitioning from non-degree seeking to degree seeking status. (Use code 20 for Baccalaureate students, code 43 for Graduate students or code 44 for Professional students.)
 4. Graduate or professional students. (See codes 41-50)
- 41 **Graduate Student** -- A student enrolled during the reporting term in a program of graduate study creditable toward a Master's degree, post-Master's certificate, or an academic doctoral degree at the reporting institution. Includes students formerly enrolled as a Baccalaureate, post-Baccalaureate, or professional student at the reporting institution or at another postsecondary institution, also students transferring from a graduate program of study at another postsecondary institution.
- 42 **Professional Student** – A student enrolled during the reporting term in a professional degree or certificate program at the reporting institution-- e.g., J.D., D.D.S., M.D., D.PH. (UW), D.V.M., D.PHAR (WSU), MED.S. (WSU Pre-Med program). Includes students formerly enrolled as a baccalaureate, post-baccalaureate, or graduate student at the reporting institution or at another postsecondary institution, also students transferring from a professional degree program at another postsecondary institution.
- 43 **Other Transition to Graduate Degree Seeking Status** – A student enrolled during the reporting term in a program of study leading to a graduate degree at the reporting institution who was previously enrolled at the reporting institution as a non-degree seeking student at the graduate or professional level.
Excludes:
 1. All undergraduate students (see codes 10 and 20-30)
 2. Graduate or Professional students. (See codes 41, 42, 44 and-50)
 3. Students whose last admission status is unknown. (See codes 23 or 99)
- 44 **Other Transition to Professional Degree Seeking Status** – A student enrolled during the reporting term in a program of study leading to a professional degree at the reporting institution who was previously enrolled at the reporting institution as a non-degree seeking student at the graduate or professional level.
Excludes:
 1. All undergraduate students (see codes 10 and 20-30)
 2. Graduate or Professional students. (See codes 41, 42, 43 and-50)
 3. Students whose last admission status is unknown. (See codes 23 or 99)
- 50 **Other Graduate/Professional Student** – A student taking graduate or professional courses for credit during the reporting term at the reporting institution who is not formally enrolled in a program of study leading to the award of a graduate level credential.
Excludes:
 1. All undergraduate students (see codes 10 and 20-30)
 2. Students seeking a graduate or professional degree. (See codes 41-44)
- 99 **Unknown.**
-

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
2. Provide '10' ('High School Dual Enrollment Student') if value provided for PCH-E0502 (Student Running Start Affiliation) equals '10' ('Current Running Start Student').
3. When a student enrolls in coursework prior to their actual admit term (referred to here as "Early Enrollment Term") then the student's PCH-E0500 Student Type should be 30 (Other Undergraduate Student), 50 (Other Graduate/Professional Student) or 99 (Unknown) for their Early Enrollment Term. For example, if a transfer student is admitted in Fall 201011 but they enroll in Summer 201011 term to get started early then the student should be classified as follows:

Summer term 201011 the student would be PCH-E0500 Student Type = 30
Fall term 201011 the student would be PCH-E0500 Student Type = 22

Comments: The label for value 30 was changed from 'Post-Baccalaureate Student' to 'Other Undergraduate Student', and its definition was widened to include all students taking undergraduate courses for credit who are not high school dual enrollment students, baccalaureate students, graduate students, or professional students.

The definition of value 41='Graduate Student' was widened to include non-degree/certificate students taking graduate courses for credit.

Because of the above-noted changes to values 30 and 41, the value 90='Other Student' was dropped.

Last Updated: September 4, 2019

Data Element: **Student Running Start Affiliation**

ID: PCH-E0502

Definition: Two-digit code indicating whether a student is a current or former Running Start student.

Example: 20

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

10 Current Running Start Student
20 Former Running Start Student
30 Neither Current nor Former Running Start Student
99 Unknown Running Start Affiliation

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: New data element added to restore ability to identify current and former Running Start students, formerly tracked by retired data element Registration Type.

Last Updated: September 13, 2013

Data Element: **Student Admit Year**

ID: PCH-E0505

Definition: The academic year in which a student first enrolled in coursework after the student was last admitted to the institution for a particular Student Type (PCH-E0500). When a student transitions from non-degree seeking status to degree seeking status and is not formally admitted then this is the academic year when the student first became Student Type (PCH-E0500) 20, 43 or 44. This academic year is a 12 month period extending from the beginning of Summer term of one calendar year to the end of Spring term of the next calendar year.

Example: 200607

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any academic year expressed in the format 'XXXXYY', where 'XXXX' represents the starting calendar year, and 'YY' represents the last two digits of the ending calendar year, of the enrollment year (e.g., '200607' for the enrollment year beginning with the Summer 2006 term and ending with the Spring 2007 term).

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file when PCH-E0500 (Student Type) is 20, 21, 22, 23, 41, 42, 43 or 44.
 2. Provide a blank or a valid value in the appropriate field position in the collection file when PCH-E0500 (Student Type) is 10, 30, 50 or 99.
 3. When either PCH-E0505 (Student Admit Year) is blank or PCH-E0506 (Student Admit Term) is blank then both fields should be blank.
 4. Non-blank values must be less than or equal to PCH-E0010 (Enrollment Year).
 5. Non-blank values must be greater than or equal to 198081.

Data Element: **Student Admit Term**

ID: PCH-E0506

Definition: The academic term (either a quarter or a semester) in which a student first enrolled in coursework after the student was last admitted to the institution for a particular Student Type (PCH-E0500). When a student transitions from non-degree seeking status to degree seeking status and is not formally admitted then this is the academic term when the student first became Student Type (PCH-E0500) 20, 43 or 44.

Example: FL

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

SM Summer (Quarter System, Semester System)
FL Fall (Quarter System, Semester System)
WN Winter (Quarter System Only)
SP Spring (Quarter System, Semester System)

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file when PCH-E0500 (Student Type) is 20, 21, 22, 23, 41, 42, 43 or 44.
 2. Provide a blank or a valid value in the appropriate field position in the collection file when PCH-E0500 (Student Type) is 10, 30, 50 or 99.
 3. When either PCH-E0505 (Student Admit Year) is blank or PCH-E0506 (Student Admit Term) is blank then both fields should be blank.
 4. When the value submitted for PCH-E0505 (Student Admit Year) equals PCH-E0010 (Enrollment Year) then PCH-E0506 (Student Admit Term) should be equal or prior to PCH-E0050 (Enrollment Term).

Data Element: **Student County of Origin at Last Admission**

ID: PCH-E0510

Definition: A code indicating the Washington county of origin of students at the time of their last admission as a particular admission type (e.g., baccalaureate entering after high school) to a campus.

Example: 27

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

See list of [valid values for PCH-E0510](#) in Appendix A.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '98' ('Out of State') when the student's county of origin is not within Washington. (REVISED – '99' was previously used for this purpose.)
 3. Provide '99' ('Unknown') when the student's county of origin is an unknown Washington county or when it is not even known whether the student's county of origin is within Washington. (REVISED – '75' was previously used for this purpose.)

Last Updated: August 25, 2008

Data Element: **Student State of Origin at Last Admission**

ID: PCH-E0520

Definition: An acronym indicating the U.S. state or territory or origin for a student at the time of their last admission as a particular admission type (e.g., baccalaureate entering after high school) to a campus.

Example: TN

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

See list of [valid values for PCH-E0520](#) in Appendix.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '98' ('Non-US Jurisdiction') for students whose state or territory of origin is not within the USA. (REVISED – 'OC' was previously used for this purpose.)
 3. Provide '99' ('Unknown') for students whose state or territory of origin is unknown. (REVISED – 'UK' was previously used for this purpose.)
-

Comments: This element, formerly called 'State/Province of Origin at Last Admission', used to include Canadian provinces and territories. These entries have now been removed. '98' ('Non-US Jurisdiction') should now be used for Canadian students.

Last Updated: May 19, 2009

Data Element: **Student Nation of Citizenship at Last Admission**

ID: PCH-E0530

Definition: A 3-digit code indicating a student's nation of citizenship at the time of their last admission as a particular admission type (e.g., baccalaureate entering after high school) to a campus.

Example: 056

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

See list of [valid values for PCH-E0530](#) in Appendix.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. For international students, report Nation of Citizenship specified on student's visa.
 3. Provide '999' ('Unknown', previously 'Other') for students whose Nation of Citizenship is unknown.
-

Comments: Name of data element changed from "Nation of Origin" to "Nation of Citizenship".

Last Updated: June 3, 2009

Data Element: **Student Co-Enrolled Indicator**

ID: PCH-E0540

Definition: A one-alpha character code indicating whether the student is enrolled at an additional higher education institution while simultaneously enrolled at the reporting campus.

Example: N

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Y	Co-Enrolled
N	Not Co-Enrolled
9	Unknown

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments:
Last Updated: August 25, 2008

Data Element: **Student K-12 State ID**

ID: PCH-E0542

Definition: 10-digit State Student Identifier (SSID) number assigned by the Office of Superintendent of Public Instruction (OSPI) for unique identification of each public school student in the State of Washington.

Example: 1234567890

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

A 10-digit SSID number assigned by OSPI to a student while enrolled in the Washington public schools.

Data Submission Rules:

1. A valid value or 10 spaces must be provided in the appropriate field position in the collection file.
 2. Provide 10 spaces if a student's SSID is unknown or if the student was not assigned a SSID.
-

Comments: New element added to facilitate ERDC record matches between PCHEES and K-12 data sets.

Last Updated: January 10, 2009

Data Element: **Student High School Code**

ID: PCH-E0550

Definition: The six-digit College Board (CEEB) code for the high school last attended by a student enrolled at an institution.

Example: 123456

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any valid six-digit College Board (CEEB) code for a high school, either in-state **or out of state**, plus '999997' ('Other High School') and '999999' ('Unknown').

Use '999997' ('Other High School') when the high school attended by a student is not represented in the list of valid values for PCH-E0550. (To avoid overuse of this code, please present a list of such high schools to OFM for future inclusion in the list of valid values.)

See list of valid values for PCH-E0550 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '999999' ('Unknown') if, and only if, a student's high school is unknown or the student did not attend a high school with a valid CEEB code.
-

Comments: Unlike in the original PCHEES data model, where only in-state CEEB high school codes (and a generic out-of-state code) were offered as valid values, all CEEB high school codes from all states and foreign countries are represented in the current PCHEES data model.

'999999' ('Unknown') substituted for 6 spaces as a submission option.

Last Updated: September 28, 2010

Data Element: **Student High School Completion Type**

ID: PCH-E0556

Definition: Two-digit code indicating whether a student enrolled at a reporting institution received a high school diploma or a general equivalency diploma (GED).

Example: 10

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

10 Earned a high school diploma.
20 Earned a general equivalency diploma (GED).
30 Did not earn a high school diploma or a general equivalency diploma (GED).
80 Still attending high school.
99 Unknown.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '80' (Still attending high school) if the value provided for PCH-E0500 (Student Type) equals '10' (High School Dual Enrollment Student).
-

Comments: New element added to identify both high school diploma and GED recipients.

Last Updated: June 14, 2012

Data Element: **Student High School Completion Year**

ID: PCH-E0560

Definition: The four-digit calendar year in which a student enrolled at a reporting institution earned either a high school diploma or a general equivalency diploma (GED).

Example: 2006

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any calendar year in 'YYYY' format (e.g., '2006') falling within 100 years of the enrollment year.

Data Submission Rules:

1. A valid value or 4 spaces must be provided in the appropriate field position in the collection file.
 2. Provide 4 spaces if the value provided for PCH-E0556 (Student High School Completion Type) equals '30' ('Did not earn a high school diploma or a general equivalency diploma (GED)') or '80' ('Still attending high school').
 3. Provide 4 spaces if the year in which a student earned a high school diploma or a general equivalency diploma (GED) is unknown.

Data Element: **Student High School Year Last Attended**

ID: PCH-E0562

Definition: The four-digit calendar year in which a student enrolled at a reporting institution last attended a high school (or, for current high school students, the current year).

Example: 2006

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any calendar year in 'YYYY' format (e.g., '2006') falling within 100 years of the enrollment year.

Data Submission Rules:

1. A valid value or 4 spaces must be provided in the appropriate field position in the collection file.
 2. Provide as a value the calendar year of the reporting term – either the starting or the ending calendar year in the value provided for PCH-E0010 (Enrollment Year) -- if the value provided for PCH-E0556 (Student High School Completion Type) equals '80' (Still attending high school).
 3. Provide 4 spaces if a student's last year of high school attendance is not known or if a student never attended high school.
 4. The value provided must be no later than the value provided for PCH-0560 (Student High School Completion Year).
-

Comments: New element added to complement PCH-E0560, which applies only to high school completers.

Last Updated: November 4, 2009

Data Element: **Student High School GPA**

ID: PCH-E0570

Definition: The final grade point average (GPA) which a student who was admitted to a reporting institution earned at the high school from which he/she graduated.

Example: 3.45

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any GPA value in 'X.XX' format between '0.00' and '4.00', also '9.98' ('Not Applicable') and '9.99' ('Unknown').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '9.98' ('Not Applicable') if the value provided for PCH-E0556 (Student High School Completion Type) equals '20' ('Student earned a GED'), '30' ('Did not earn a high school diploma or a GED '), or '80' (Still attending high school).
 3. Provide '9.99' ('Unknown') if the value provided for PCH-E0556 (Student High School Completion Type) equals '10' ('Student earned a high school diploma') but a student's final high school GPA is unknown.
 4. Provide '9.99' ('Unknown') if the value provided for PCH-E0556 (Student High School Completion Type) equals '99' ('Unknown').

Last Updated: November 04, 2009

Data Element: **Student Previous Institution Code**

ID: PCH-E0580

Definition: The four-digit College Board (CEEB) code for the last previous higher education institution (if any) attended after high school by a student admitted to a reporting institution.

Example: 3456

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any valid four-digit College Board (CEEB) code for a higher education institution, either in-state **or out of state**, plus '9997' ('Other Institution'), '9998' ('No Previous Institution Attended After High School') and '9999' ('Unknown Whether Attended Previous Institution After High School').

Use '9997' ('Other Institution') when the institution previously attended by a student is not represented in the list of valid values for PCH-E0580. (To avoid overuse of this code, please present a list of such institutions to OFM for future inclusion in the list of valid values.)

See list of valid values for PCH-E0580 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
2. Provide '9998' ('No Previous Institution Attended After High School') if the value provided for PCH-E0500 (Student Type) equals '10' ('High School Dual Enrollment Student') or '21' ('Baccalaureate Student Entering from High School').
3. The value '9998' ('No Previous Institution Attended After High School') is not a valid value for the following Student Types (PCH-E0500):
 - 20 Other Transition to Baccalaureate Degree Seeking Status
 - 22 Baccalaureate Transfer Student
 - 23 Unknown Baccalaureate Student
 - 41 Graduate Student
 - 42 Professional Student
 - 43 Other Transition to Graduate Degree Seeking Status

44 Other Transition to Professional Degree Seeking Status

50 Other Graduate/Professional Student

99 Unknown

4. Provide the reporting institution's four-digit CEEB code (PCH-E0090 Institution ID) as the value for PCH-E0580 if a student last attended the reporting institution in a different capacity than that currently reported in PCH-0500 (Student Type) -- e.g., a student whose current admission type is 'Graduate Student' but whose prior participation in higher education was as a baccalaureate student at the same institution.
5. Provide the reporting institution's four-digit CEEB code (PCH-E0090 Institution ID) as the value for PCH-E0580 if the value provided for PCH-E0500 (Student Type) equals '20' ('Other Transition to Baccalaureate Degree Seeking Student'), '43' ('Other Transition to Graduate Degree Seeking Status') or '44' ('Other Transition to Professional Degree Seeking Status')

Comments: This data element was previously used to store both college and high school codes. PCH-E0550 (Student High School Code) now exists for storage of high school codes.

Unlike in the original PCHEES data model, where only in-state CEEB college codes (and a generic out-of-state code) were offered as valid values, all CEEB college codes from all states and foreign countries are represented in the current PCHEES data model.

Data Element: **Student Previous Institution Year Last Attended**

ID: PCH-E0590

Definition: The four-digit calendar year in which a student admitted to a reporting institution last attended a previous higher education institution (if any).

Example: 2006

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any valid calendar year in 'YYYY' format (e.g., '2006') falling within 100 years of the enrollment year.

Data Submission Rules:

1. A valid value or 4 spaces must be provided in the appropriate field position in the collection file.
 2. Provide 4 spaces if the year of last attendance is unknown, if the student did not attend previously another higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9998'), or if it is not known whether a student attended previously another higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9999').

Data Element: **Student Previous Institution GPA**

ID: PCH-E0600

Definition: The final cumulative grade point average (GPA) which a student admitted to a reporting institution earned at his/her previous higher education institution (if any).

Example: 3.45

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any GPA value in 'X.XX' format between 0.00 and 4.00, also '9.98' ('Not Applicable') and '9.99' ('Unknown').

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '9.98' ('Not Applicable') if a student did not attend previously another higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9998').
 3. Provide '9.99' ('Unknown') if a student's final cumulative previous institution GPA is unknown or if it is not known whether a student attended previously another higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9999').

Data Element: **Student Previous Institution Degree/Certificate Level**

ID: PCH-E0610

Definition: Two-digit code designating the IPEDS level of the degree or certificate associated with a program of study offered by an institution.

Example: 01

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Valid values for 2007-08 through 2009-10:

- 01 Postsecondary award, certificate, or diploma of less than one academic year (less than 900 contact or clock hours) received by student
- 02 Postsecondary award, certificate, or diploma of at least one but less than two academic years (at least 900 but less than 1800 contact or clock hours) received by student
- 03 Associate's degree received by student
- 04 Postsecondary award, certificate, or diploma of at least two but less than four academic years (at least 1800 contact or clock hours) received by student
- 05 Bachelor's degree received by student
- 06 Post-baccalaureate certificate received by student
- 07 Master's degree received by student
- 08 Post-master's certificate received by student
- 09 Doctor's degree received by student
- 10 First-professional degree received by student
- 11 First-professional certificate (Post-degree) received by student
- 98 No award, degree or certificate received by student
- 99 Unknown what, if any, award, degree or certificate received by student (including cases where it is unknown whether student attended a previous higher education institution)

Valid values beginning 2010-11:

- 01 Postsecondary award, certificate, or diploma of less than one academic year (less than 900 contact or clock hours) received by student
- 02 Postsecondary award, certificate, or diploma of at least one but less than two academic years (at least 900 but less than 1800 contact or clock hours) received by student
- 03 Associate's degree received by student

- 04 Postsecondary award, certificate, or diploma of at least two but less than four academic years (at least 1800 contact or clock hours) received by student
- 05 Bachelor's degree received by student
- 06 Post-baccalaureate certificate received by student
- 07 Master's degree received by student
- 08 Post-master's certificate received by student
- 17 Doctor's Degrees (Research/Scholarship) received by student
- 18 Doctor's Degrees (Professional Practice) received by student
- 19 Doctor's Degrees (Other) received by student
- 98 No award, degree or certificate received by student
- 99 Unknown what, if any, award, degree or certificate received by student (including cases where it is unknown whether student attended a previous higher education institution)

One academic year equals 30 semester credit hours or its equivalent, or 900 contact or clock hours.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '98' ('No award, degree or certificate received by student') if a student did not receive a degree or certificate from his/her previous higher education institution or if he/she did not attend a previous higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9998').
 4. Provide '99' ('Unknown') if it is not known: (a) what award, degree or certificate was received by a student attending a previous higher education institution after high school; (b) whether a student attending a previous higher education institution after high school received an award, degree or certificate; or even (c) whether a student attended a previous higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9999').

Data Element: **Student Previous Institution Degree DTA/AST Status**

ID: PCH-E0611

Definition: One-character alphanumeric code indicating whether a student's previous institution associate's degree (as reported in PCH-E0610) is a direct transfer agreement or associate of science transfer associate's degree.

Example: Y

Collection Files Containing Data Element:

PCH-F0070 Day10Admission
PCH-F0080 FinalAdmission

Valid Values:

Valid values:

Y Student's previous degree was a DTA or AST Associate's Degree
N Student's previous degree was not a DTA or AST Associate's Degree
9 Student's previous degree level is unknown

Data Submission Rules:

1. Provide "Y" if Student Previous Institution Degree/Certificate Level (PCH-E0610) equals "03" (Associate's Degree received by student) and the associate's degree is a DTA or AST.
 2. Provide "N" if (a) Student Previous Institution Degree/Certificate Level (PCH-E0610) is not equal to "03" (Associate's Degree received by student) and Student Previous Institution Degree/Certificate Level (PCH-E0610) not equal to "99" (Unknown) OR (b) Student Previous Institution Degree/Certificate Level (PCH-E0610) equals "03" (Associate's Degree received by student) and the associate's degree is not a DTA or AST.
 3. Provide "9" if Student Previous Institution Degree/Certificate Level (PCH-E0610) equals "99" (Unknown).

Data Element: **Student Previous Institution Degree/Certificate Acronym**

ID: PCH-E0620

Definition: Acronym for the degree or certificate (if any) received from the higher education institution (if any) attended previously by a student admitted to a reporting institution.

Example: MFA

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Official acronyms for the degrees or certificates received from a previous higher education institution.

Data Submission Rules:

1. Provide a valid value or 15 spaces in the appropriate field position in the collection file.
 2. If acronym has fewer than 15 characters, then right pad or left pad with spaces until resulting string has 15 characters.
 3. Provide 15 spaces if a student did not receive a degree or certificate from his/her previous higher education institution or if a student did not attend a previous higher education institution (i.e., if the value provided for PCH-E0580 = '9998') or if it is not known whether a student attended previously another higher education institution after high school (i.e., if the value provided for PCH-E0580 = '9999').
-

Comments: This data element was previously called "Type of Associate Degree" and, as the name indicates, was limited to acronyms for associate degrees.

Length of field modified from 10 to 15 characters in width.

Data Element: **Baccalaureate Previous Credits Earned -- Total**

ID: PCH-E0630

Definition: Total number of currently-known college credits earned (though not necessarily accepted as transfer credits) by a student prior to his/her first admission (either via transfer or after high school) as a baccalaureate student at an institution. Included in this total are college credits earned while in high school (Running Start, College in High School, AP, or IB credits) as well as college credits earned as an undergraduate at other institutions (including the most recent previous institution reported in PCH-E0580).

Example: 044.00

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any six-digit decimal numeric string, expressed in 'XXX.XX' format, between '000.00' and '999.99'

Data Submission Rules:

1. Provide a valid value or 6 spaces in the appropriate field position in the collection file.
 2. Provide 6 spaces if the value provided for PCH-E0500 (Student Type) does not equal '20' (Other Transition to Baccalaureate Degree Seeking Status), '21' ('Baccalaureate Student Entering after High School') or '22' ('Baccalaureate Transfer Student') or '23' ('Unknown Baccalaureate Student').
 3. Provide 6 spaces if the reporting institution or agency does not record information about previous baccalaureate credits earned but not necessarily accepted for transfer.
 4. Any value provided must be equal to or greater than the value provided for PCH-E0640 (Baccalaureate Previous Credits Transferred – Total).
 5. 6 spaces must be provided in all Day10Admission collection file records.

Data Element: **Baccalaureate Previous Credits Transferred -- Total**

ID: PCH-E0640

Definition: Total number of college credits earned by a student prior to his/her first admission (either via transfer or after high school) as a baccalaureate student at a reporting campus/institution **and accepted as transfer credits by the reporting institution**. Included in this total are college credits accepted for transfer that were earned by the student while in high school (Running Start, College in High School, AP, or IB credits) as well as college credits accepted for transfer that were earned as an undergraduate at other institutions (including the most recent previous institution reported in PCH-E0580).

Example: 030.50

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

A six-digit decimal numeric string, expressed in 'XXX.XX' format, between '000.00' and '135.00'

Data Submission Rules:

1. Provide a valid value or 6 spaces in the appropriate field position in the collection file.
2. Provide a valid value if: (a) the value provided for PCH-E0500 (Student Type) equals '20' (Other Transition to Baccalaureate Degree Seeking Status), '21' ('Baccalaureate Student Entering after High School') or '22' ('Baccalaureate Transfer Student') or '23' ('Unknown Baccalaureate Student'); and (b) the reporting institution or agency records baccalaureate transfer credits.
3. Provide 6 spaces if the value provided for PCH-E0500 (Student Type) does not equal '20' (Other Transition to Baccalaureate Degree Seeking Status), '21' ('Baccalaureate Student Entering after High School') or '22' ('Baccalaureate Transfer Student') or '23' ('Unknown Baccalaureate Student').
4. Provide '000.00' as the valid value if, at the time of data collection, a baccalaureate student at a reporting institution or agency that records baccalaureate transfer credits has not received transfer credits for prior college coursework, even if it is possible that the student will receive transfer credits for that coursework at a later juncture.
5. Any value provided must be equal to or lesser than the value provided for PCH-E0630 (Baccalaureate Previous Credits Earned -- Total).
6. A value must be provided if a value is provided for PCH-E0670 (Baccalaureate Dual Enrollment Transfer Credits – AP) or for PCH-E0680 (Baccalaureate Dual Enrollment Transfer Credits – IB).

7. Any value provided must be equal to or greater than the sum of the values provided for PCH-E0670 (Baccalaureate Dual Enrollment Transfer Credits – AP) and PCH-E0680 (Baccalaureate Dual Enrollment Transfer Credits – IB).
8. Any value provided must not exceed 135.00 credits. This rule does not apply to The Evergreen State College because of non-institutional credits associated with Consortium programs that may cause the credits to go above this limit.
9. 6 spaces must be provided in all Day10Admission collection file records.

Comments: In the previous version of Admission.txt (NewAdmit.txt), PCH-E0640 was used to store either the total number of prior college credits accepted for transfer at the time of admission or, for institutions that do not make transfer credit decisions at the time of admission, simply the total number of prior college credits earned that were reported to the institution at the time of admission. PCH-E0630 now exists to capture information about prior coursework; and PCH-0640 has been revised to capture information about transfer decisions regarding prior coursework.

Data Element: **Student SAT Math Score**

ID: PCH-E0690

Definition: A student's highest score on the Math portion of the Scholastic Aptitude Test (SAT) when the student took the SAT before March 1, 2016.

NOTE: The SAT tests changed beginning in March 1, 2016. The new test scores (tests taken on or after 3/1/2016) are reported in data elements PCH-E1030, PCH-E1031, PCH-E1035, PCH-E1036 and PCH-E1037. The old test scores (tests taken before 3/1/2016) are reported in data elements PCH-E0690, PCH-E0691 and PCH-E0692.

Example: 730

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) FinalAdmission

Valid Values:

Any three-digit integer string that is a multiple of ten between '200' and '800' (e.g., '730')

Data Submission Rules:

1. Provide a valid value (not spaces) when the SAT Date Taken (PCH-E1020) is less than March 1, 2016 and the student took the SAT Math Test.
 2. Provide 3 spaces if a student did not take the SAT Math Test or the student's score on the exam is unknown.
 3. Must be blank if SAT Date Taken (PCH-E1020) is greater than or equal to March 1, 2016

Data Element: **Course ID**

ID: PCH-E0700

Definition: Twelve-character alphanumeric code that uniquely identifies a distinct (single- or multiple-section) for-credit course offered by a reporting institution during a reporting term.

Example: PHIL 114

Collection Files Containing Data Element:

PCH-F0110	Day10Course
PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration

Valid Values:

Any twelve-character alphanumeric string that uniquely identifies a distinct (single- or multiple-section) course offered by a reporting institution during a reporting term. Typically this value (e.g., 'PHIL 114') will be constructed by appending together (i) a six-character alphanumeric string containing the course acronym (e.g., 'PHIL ') and (ii) a six-character alphanumeric string containing the course number (' 114').

NEW: Do **not** include Course Section ID (PCH-E0710) values in this string, since it is supposed to be a unique identifier for a distinct course offered singly or multiply during a reporting term, not for any one particular offering of the course during the term. Individual course sections are to be uniquely identified by the combination of the Course ID and Course Section ID values provided by the reporting institution.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If a Course ID value contains fewer than 12 alphanumeric characters, append spaces to the right or to the left of the acronym until the resulting string contains 12 alphanumeric characters.
 3. Each value provided must be unique (i.e., it must represent one and only one for-credit course offered singly or multiply by an institution during a reporting term).

Collection Files Containing Data Element:

PCH-F0110	Day10Course
PCH-F0120	FinalCourse
PCH-F0130	Day10Registration
PCH-F0140	FinalRegistration

Valid Values:

Any six- character alphanumeric string that individuates multiple sections of the same course offered by a reporting institution during a reporting term.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If value contains fewer than 6 alphanumeric characters, append spaces to the right or to the left until the resulting string contains alphanumeric characters.
 3. Value provided must be unique (i.e., it must represent one and only one section of a course).
-

Comments: Data element was widened from 3 to 6 characters at the request of several institutions.

Data Element: **Course Number**

ID: PCH-E0720

Definition: A standardized 3-digit course catalog number for a course section offered by a reporting institution, where the first digit indicates the course level for the course section. 0 indicates a pre-undergraduate level course, 1 to 2 indicates a lower-level undergraduate course, 3 to 4 indicates an upper-level undergraduate course, and 5 or higher indicates a graduate/professional level course.

Example: 114

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any standardized 3-digit course catalog number for a course section offered by a reporting campus/ institution lying between '000' and '999', where the first digit indicates the course level for the course section. 0 indicates a pre-undergraduate level course, 1 to 2 indicates a lower-level undergraduate course, 3 to 4 indicates an upper-level undergraduate course, and 5 or higher indicates a graduate/ professional level course.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. All digits in the value must be numeric.

Data Element: **Course Title**

ID: PCH-E0730

Definition: The course title for a course section offered by a reporting institution during a reporting term, as listed in the course catalog for the institution.

Example: The Moral Philosophy of Immanuel Kant

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any 100-character alphanumeric string that provides the title for a course offered by an institution

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. If a course title contains fewer than 100 alphanumeric characters, append spaces to the right or to the left until the resulting string contains 100 alphanumeric characters.

Data Element: **Course Subject**

ID: PCH-E0740

Definition: A description of the course subject of a course section offered by a reporting institution during a reporting term.

Example: Philosophy

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any 30-character alphanumeric string providing an institutional description of a course subject area associated with a course section offered by a reporting institution during a reporting term. (A description provided by the institution need not match the NCES Classification of Instructional Programs (CIP) description for the course subject.)

NOTE: Course acronyms (e.g., 'PHIL') may be used for this data element if subject descriptions are not available.

Data Submission Rules:

1. A valid value or 30 spaces must be provided in the appropriate field position in the collection file.
 2. If a course subject description has fewer than 30 alphanumeric characters, then right pad or left pad with spaces until resulting string has 30 alphanumeric characters.

Data Element: **Course Subject CIP Code**

ID: PCH-E0750

Definition: Six-digit NCES Classification of Instructional Programs (CIP) code for the course subject of a course section offered by a reporting institution during a reporting term.

Example: 230501

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any valid six-digit NCES 2000 or NCES 2010 Classification of Instructional Programs (CIP) code.

See list of valid values for PCH-E0750 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.
-

Comments: This data element was previously represented by two data elements – CIP Major and CIP Minor.

Data Element: **Course Section Instructional Type**

ID: PCH-E0760

Definition: Two-digit code indicating the instructional type of a course section offered by a reporting institution during a reporting term.

Example: 10

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

10 Organized Class Section: Lecture/Seminar
11 Organized Class Section: Lab/Studio/Discussion/Recitation
12 Organized Class Section: Lecture/Seminar + Lab/Studio/Discussion/Recitation
20 Individualized Instruction: Directed/Independent Study/Research
99 Unknown

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments:

Last Updated: September 23, 2008

Data Element: **Course Section Duration**

ID: PCH-E0770

Definition: Two-digit code indicated whether a course section is a single-term course section or is instead a multiple-course section.

Example: 10

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

10 Single-term course section
20 Multiple-term course section

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: This data element, first called 'Course Section Completion Status', was added to account for differences between the course-taking activity reported in the PCHEES Day 10 collection and that reported for the same term in the PCHEES Final collection. However, several technical difficulties have since been identified with such a corroboration. Accordingly, the data element has now been re-purposed to provide information on whether a course section is a single-term course section or is instead a multiple-term course section.

Data Element: **Course Section Instruction Delivery Type**

ID: PCH-E0780

Definition: Two-digit code indicating the primary mode of delivery for the instruction in a course section offered by a reporting institution during a reporting term.

Example: 10

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

- 00 **Face-to-Face Instruction** – A course section in which more than 25% of the instruction involves face-to-face contact between students and an instructor(s).
 - 10 **Distance Instruction: Pre-Recorded** -- A course section in which 75% or more of instruction is delivered via videotapes, CD's, DVD's or other types of portable video/audio technology rather than via face-to-face contact between students and an instructor(s).
 - 20 **Distance Instruction: Correspondence** -- A course section in which 75% or more of instruction is delivered via mailed information rather than via face-to-face contact between students and an instructor(s).
 - 30 **Distance Instruction: Web-Based** -- A course section in which 75% or more of instruction is delivered online using web tools rather than via face-to-face contact between students and an instructor(s).
 - 40 **Distance Instruction: Interactive Television** -- A course section in which 75% or more of instruction is delivered via K-20 or network-based video conferencing tools in real (synchronous) time with two-way remote (rather than face-to-face) interaction between instructor and students.
 - 50 **Distance Instruction: Broadcast** -- A course section in which 75% of instruction is delivered via satellite, cable, streaming video over the internet, or other broadcast technology in real (synchronous) time, albeit with one-way remote interaction only (as opposed either to face-to-face interaction or to two-way remote interaction) between instructor and students.
 - 99 **Unknown**
-

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: This data element supersedes two previous data elements – Distance Learning Indicator and Distance Learning Type.

Data Element: **Course Section Instruction Delivery Site**

ID: PCH-E0790

Definition: Eight-digit code indicating the primary site in which students receive instruction in a course section offered by a reporting institution during a reporting term.

Example: 12345678

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

See list of valid values for PCH-E0790 under the Documentation tab in the PCHEES system.

Instruction delivery site codes for higher education institutions consist of '1000' + the 4-digit CEEB code for the institution.

Instruction delivery site codes for high schools consist of '20' + the 6-digit CEEB code for the high school.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '99999994' ('Other Site: In-State') if the instruction is delivered to a Washington site not listed as a valid value for PCH-E0790.
 3. Provide '99999995' ('Other Site: Out-of-State (Domestic)') if the instruction is delivered to a domestic out-of-state site not listed as a valid value for PCH-E0790.
 4. Provide '99999996' ('Other Site: Out-of-State (International)') if the instruction is delivered to an international site not listed as a valid value for PCH-E0790.
 5. Provide '99999997' ('Multiple Sites') if the instruction is delivered to multiple sites.
 6. Provide '99999998' ('No Site') if the instruction is not delivered to a site, but only virtually (e.g., asynchronous web-based instruction) or to the student's home (e.g., correspondence instruction) rather than in a classroom or lab setting (either on-campus or at an off-campus site).
 7. Do not provide '99999998' ('No Site') if the value provided for PCH-E0780 (Course Section Instruction Delivery Type) equals '00' ('Traditional Instruction').
 8. Provide '99999999' ('Unknown') if the site of instructional delivery is unknown.

Data Element: **Course Section Online Learning Type**

ID: PCH-E0800

Definition: Two-digit code indicating the primary way in which web tools are used (if at all) in a course section at a reporting institution during a reporting term.

Example: 10

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

- 10 **Complete Online Learning** -- A course section in which 75% or more of instruction is delivered online rather than via face-to-face contact between students and an instructor(s). Identical to '30' ('Distance Instruction: Web-Based') value for PCH-E0780 (Course Section Instruction Delivery Type).
 - 20 **Hybrid Online Learning** -- A course section in which some, but less than 75%, of instruction is delivered online rather than via face-to-face contact between students and an instructor(s).
 - 30 **Enhanced Online Learning** -- A course section that requires access to web based tools but where use of these tools does not displace any face-to-face seat time.
 - 40 **Optional Online Learning** -- A course section in which each student can choose either to attend class sessions or to receive instruction online.
 - 98 **No Online Learning** -- A course section that does not require access to web tools either as a substitute for, or as a supplement to, face-to-face seat time.
 - 99 **Unknown**
-

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value '10' ('Complete Online Learning') must be provided if the value provided for PCH-E0780 (Course Section Instruction Delivery Type) equals '30' ('Distance Instruction: Web-Based').

Data Element: **Course Section Start Date**

ID: PCH-E0810

Definition: The start date for a course section offered by an institution.

Example: 20060828

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any actual date expressed in the format 'YYYYMMDD', where 'YYYY' is the year (e.g., '2006'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. A valid value or 8 spaces must be provided in the appropriate field position in the collection file.
 2. Provide 8 spaces if the value provided for PCH-E0830 (Course Section Variable Dates Indicator) = 'Y' ('Yes').
 3. Provide a valid value if the value provided for PCH-E0830 (Course Section Variable Dates Indicator) = 'N' ('No').
 4. The course section start date provided must not be later than the course section end date (PCH-E0820) provided.
-

Comments:

Last Updated: September 24, 2008

Data Element: **Course Section End Date**

ID: PCH-E0820

Definition: The end date for a course section offered by an institution.

Example: 20061205

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any actual date expressed in the format 'YYYYMMDD', where 'YYYY' is the year (e.g., '2006'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. A valid value or 8 spaces must be provided in the appropriate field position in the collection file.
 2. Provide 8 spaces if the value provided for PCH-E0830 (Course Section Variable Dates Indicator) = 'Y' ('Yes').
 3. Provide a valid value if the value provided for PCH-E0830 (Course Section Variable Dates Indicator) = 'N' ('No').
 4. The course section end date provided must not be earlier than the course section start date (PCH-E0810) provided.

Last Updated: September 24, 2008

Data Element: **Course Section Variable Dates Indicator**

ID: PCH-E0830

Definition: A one-alpha code indicating whether different students enrolled in a course section start and end the course section on the same or on varying dates.

Example: N

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Y Yes, the start date and the end date vary for different students enrolled in the course section.
N No, all students enrolled in the course section starts and ends the course section on the same dates.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.

Data Element: **Course Section Administrative Unit**

ID: PCH-E0832

Definition: A 30-character alphanumeric string describing the administrative unit for a course section offered by a reporting institution during a reporting term.

Example: Dept. of Philosophy & Religion

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Any description of the institutionally-defined administrative unit for a course section offered by the reporting institution during a reporting term

Data Submission Rules:

1. A valid value or 30 spaces must be provided in the appropriate field position in the collection file.
 2. If the administrative unit description has fewer than 30 characters, then right pad or left pad with spaces until resulting string has 30 characters.

Data Element: **Course Section Registration Sequence**

ID: PCH-E0840

Definition: One-digit integer used to individuate multiple registrations for the same course section by the same student during a reporting term.

Example: 1

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

Any integer between 0 and 9 used to represent a single registration for a course section by a student during a reporting term.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value provided must be unique (i.e., it must represent one and only one registration for a particular course section by a particular student during a reporting term).
-

Comments: Valid value changed from an alphanumeric value to a numeric value only.

Last Updated: October 14, 2015

Data Element: **Course Section Repeat Course Indicator**

ID: PCH-E0850

Definition: One-alpha character code indicating whether a course taken by a student during a reporting term is identical to another course taken previously by the same student in which the grade given for the second course should supersede the grade given in the first course.

Example: Y

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

Y Yes, the course is a repeat course in which the grade given should supersede an earlier grade.
N No, the course is not a repeat course in which the grade given should supersede an earlier grade.
9 Unknown (valid only for Day10Registration submissions)

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. '9' ('Unknown') must be provided in all Day10Registration collection file records.
 3. '9' ('Unknown') may not be provided in all FinalRegistration collection file records.

Data Element: **Course Section Registration State Funding Source**

ID: PCH-E0860

Definition: Three-digit code indicating the state funding source for a course section registration, this being the primary type of state funds (if any) that covers part or all of a student's enrollment in a course section.

Example: 123

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

Effective beginning 2007-08:

100 State Funds Appropriated to Institution Providing Course
201 State-Funded Contract with SBCTC for EWU & Clark College Partnership
203 State-Funded Contract with SBCTC for CWU & Edmonds Community College Partnership
204 State-Funded Contract with SBCTC for CWU & Pierce College Partnership
205 State-Funded Contract with SBCTC for CWU & U Center of N Puget Sound Partnership
206 State-Funded Contract with SBCTC for TESC & U Center of N Puget Sound Partnership
207 State-Funded Contract with SBCTC for WWU & U Center of N Puget Sound Partnership
301 State-Funded Contract for Running Start Courses
401 State-Funded Contract for College in High School Courses
801 Other State Funds
901 No State Funds

Effective beginning 2010-11:

100 State Funds Appropriated to Institution Providing Course
201 State-Funded Contract with SBCTC for EWU & Clark College Partnership
203 State-Funded Contract with SBCTC for CWU & Edmonds Community College Partnership
204 State-Funded Contract with SBCTC for CWU & Pierce College Partnership
205 State-Funded Contract with SBCTC for CWU & U Center of N Puget Sound Partnership
206 State-Funded Contract with SBCTC for TESC & U Center of N Puget Sound Partnership
207 State-Funded Contract with SBCTC for WWU & U Center of N Puget Sound Partnership
208 State-Funded Contract with SBCTC for UW-Bothell & U Center of N Puget Sound Partnership
209 State-Funded Contract with SBCTC for WSU & Olympic College Partnership

210 State-Funded Contract with SBCTC for WWU & Olympic College Partnership
211 State-Funded Contract with SBCTC for WWU & Peninsula College Partnership
301 State-Funded Contract for Running Start Courses

401 State-Funded Contract for College in High School Courses
801 Other State Funds
901 No State Funds

Effect beginning 201415:

100 State Funds Appropriated to Institution Providing Course
201 State-Funded Contract with SBCTC for EWU & Clark College Partnership
203 State-Funded Contract with SBCTC for CWU & Edmonds Community College Partnership
204 State-Funded Contract with SBCTC for CWU & Pierce College Partnership
205 State-Funded Contract with WSU for CWU & U Center of N Puget Sound Partnership
206 State-Funded Contract with WSU for TESC & U Center of N Puget Sound Partnership
207 State-Funded Contract with WSU for WWU & U Center of N Puget Sound Partnership
208 State-Funded Contract with WSU for UW-Bothell & U Center of N Puget Sound Partnership
209 State-Funded Contract with SBCTC for WSU & Olympic College Partnership
210 State-Funded Contract with SBCTC for WWU & Olympic College Partnership
211 State-Funded Contract with SBCTC for WWU & Peninsula College Partnership
301 State-Funded Contract for Running Start Courses
401 State-Funded Contract for College in High School Courses
801 Other State Funds
901 No State Funds

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
2. Provide '901' ('No State Funds') if the value provided for PCH-E0910 (Course Section Remedial Learning Indicator) equals 'Y' ('Yes') but the value provided for PCH-E0920 (Course Section Remedial Learning Registration Type) equals '2' ('Remedial: Not Required').
3. Provide '901' ('No State Funds') if the registration is covered by an American Indian Non-Resident Tuition Fee Exemption (indicated by an '11' value provided for PCH-E0472 (Student Non-Resident Tuition Fee Exemption 1), PCH-E0473 (Student Non-Resident Tuition Fee Exemption 2), or PCH-E0474 (Student Non-Resident Tuition Fee Exemption 3)).
4. Provide '901' ('No State Funds') if the registration is covered by a Senior Citizen Tuition Fee Waiver (indicated by an '11' value provided for PCH-E0480 (Student Tuition Fee Waiver 1), PCH-E0481 (Student Tuition Fee Waiver 2), or PCH-E0482 (Student Tuition Fee Waiver 3)).
5. Provide '901' ('No State Funds') if the registration is covered by a State Employee or Higher Education Employee Tuition Fee Waiver (indicated by a '13' value provided for PCH-E0480 (Student Tuition Fee Waiver 1), PCH-E0481 (Student Tuition Fee Waiver 2), or PCH-E0482 (Student Tuition Fee Waiver 3)).
6. Provide '901' ('No State Funds') if the registration is covered by a Military Service or National Guard Tuition Fee Waiver (indicated by a '15' value provided for PCH-E0480 (Student Tuition Fee Waiver 1), PCH-E0481 (Student Tuition Fee Waiver 2), or PCH-E0482 (Student Tuition Fee Waiver 3)).
7. If '301' (State-Funded Contract for Running Start Courses) is provided for this data element, PCH-0500 (Student type) must be '10' (High School Dual Enrollment Student) and PCH-E0502 (Student Running Start Affiliation) must be '10' (Current Running Start Student).
8. If '401' (State-Funded Contract for College in High School Courses) is provided for this data element then PCH-0500 (Student type) must be '10' (High School Dual Enrollment Student).

Comments: This data element was renamed 'Course Section Registration State Funding Source' (from 'Course Section Registration State Funding Indicator') and lengthened from 1 to 3 characters to accommodate the data element's transformation from (i) a simple indicator flag for whether a course section registration is state-funded, to (ii) a data element with valid values representing a variety of state funding sources. This change

was necessitated by the conversion of PCH-E0090 (Institution ID) to an institutional identifier; and it makes possible the retirement of the old Course Section Registration Contract Funding Type data element. PCHEES will no longer track non-state-funded contract funding.

Data Element: **Course Section Credit Hours Attempted**

ID: PCH-E0880

Definition: Credit hours attempted by a student in a (registration for a) course section offered by a reporting institution.

Example: 03.00

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

A five-digit decimal numeric string, expressed in 'XX.XX' format, greater than '00.00' and less than or equal to '99.99'.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Since PCHEES collects only for-credit course registrations, the value provided for PCH-E0880 must be greater than '00.00'.
-

Data Element: **Course Section Credit Hours Earned**

ID: PCH-E0890

Definition: Credit hours earned by a student in a (registration for a) course section offered by a reporting institution.

Example: 03.00

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

A five-digit decimal numeric string, expressed in 'XX.XX' format, between '00.00' and '99.99'

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. '00.00' must be provided for all Day10Registration collection file records.
 3. Value provided must not exceed that provided for PCH-E0880 (Course Section Credit Hours Attempted) when the value provided for PCH-E0770 (Course Section Duration) equals '10' ('Single-Term Course Section').
 4. Value provided must not exceed the sum of values provided for PCH-E0880 (Course Section Credit Hours Attempted) in the current term and earlier terms when the value provided for PCH-E0770 (Course Section Duration) equals '20' ('Multiple-Term Course Section').

Data Element: **Course Section Grade Letter**

ID: PCH-E0900

Definition: One-character alphanumeric code indicating the grade or posting status received by a student for his/her performance in a course section offered by an institution.

Example: W

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

A Student received a letter grade in the A- to A range or its numeric equivalent.
B Student received a letter grade in the B- to B+ range or its numeric equivalent.
C Student received a letter grade in the C- to C+ range or its numeric equivalent.
D Student received a letter grade in the D- to D+ range or its numeric equivalent.
F Student received a letter grade of F or its numeric equivalent.
S Student received a 'Satisfactory' grade. [Previously 'P']
U Student received an 'Unsatisfactory' grade.
W Withdrawn -- Student withdrew from the course before the completion of the reporting term.
I Incomplete -- Student received an as-yet-unresolved incomplete status for the course.
X No Posting – Student's grade or status for the course has yet to be posted.
7 Continuing course; grade not yet assigned
8 Student dropped the course (not an official withdrawal assigned a 'W' grade).

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. 'X' ('No Posting') must be provided in all Day10Registration collection file records.
 3. Provide '7' only when: (a) the value provided for PCH-E0770 (Course Section Duration) equals '20' ('Multiple-Term Course Section') and (b) the value provided for PCH-E0890 (Course Section Credit Hours Earned) equals '0.00'.
-

Comments: Name of data element changed from "Course Section Posting Status" to "Course Section Grade".

New valid value – '8' – added to cover circumstance when a student is allowed or required to drop a course section without the drop qualifying as an official withdrawal from the course that triggers a 'W' grade assignment on the student's transcript.

New valid value – '7' – added to cover circumstance when a student is in the midst of a multiple-term course section for which a grade will be assigned only after completion of the course section in a future term.

Data Element: **Course Section Grade Number**

ID: PCH-E0902

Definition: Numeric equivalent of a letter grade received by a student for his/her performance in a course section offered by an institution.

Example: 3.0

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

Any number in X.X format between 0.0 and 4.0, also 9.8 ('Not Applicable') and 9.9 ('Unknown').

Data Submission Rules:

1. Provide a value between 3.4* and 4.0 if 'A' was provided for PCH-E0900 (Course Section Grade Letter).
2. Provide a value between 2.4** and 3.4* if 'B' was provided for PCH-E0900 (Course Section Grade Letter).
3. Provide a value between 1.4*** and 2.4** if 'C' was provided for PCH-E0900 (Course Section Grade Letter).
4. Provide a value between 0.7 and 1.4*** if 'D' was provided for PCH-E0900 (Course Section Grade Letter).
5. Provide a value between 0.0 and 0.6 if 'F' was provided for PCH-E0900 (Course Section Grade Letter).
6. Provide 9.8 ('Not applicable') if 'S' ('Satisfactory'), 'U' ('Unsatisfactory'), 'W' ('Withdrawn'), or '8' ('Dropped') was provided for PCH-E0900 (Course Section Grade Letter).
7. Provide 9.9 ('Unknown') if 'I' ('Incomplete'), 'X' ('Not Posted') or '7' ('Continuing') was provided for PCH-E0900 (Course Section Grade Letter).
8. 9.9 must be provided in all Day10Registration collection file records.

*Overlapping upper and lower bounds are necessary owing to institutional differences in numeric grade ranges for A and B letter grades.

**Overlapping upper and lower bounds are necessary owing to institutional differences in numeric grade ranges for B and C letter grades.

***Overlapping upper and lower bounds are necessary owing to institutional differences in numeric grade ranges for C and D letter grades.

Data Element: **Course Section Remedial Learning Indicator**

ID: PCH-E0910

Definition: One-alpha character code indicating whether a course section at a reporting institution is designed to remedy an academic deficiency so that students can subsequently take regular for-credit academic courses.

Example: Y

Collection Files Containing Data Element:

[PCH-F0110](#) Day10Course
[PCH-F0120](#) FinalCourse

Valid Values:

Y Yes, the course section is a remedial course section.
N No, the course section is not a remedial course section.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments:

Last Updated: September 23, 2008

Data Element: **Course Section Remedial Learning Registration Type**

ID: PCH-E0920

Definition: One-digit code indicating whether a registration for a course section at a reporting institution is a registration for a remedial course and, if so, whether it is required for the student's progress toward a degree.

Example: 1

Collection Files Containing Data Element:

[PCH-F0130](#) Day10Registration
[PCH-F0140](#) FinalRegistration

Valid Values:

- 1 **Required** -- The course section is a remedial course section and the student's registration for the course section is required for progress towards a degree.
 - 2 **Not Required** -- The course section is a remedial course section but the student's registration for the course section is not required for progress towards a degree.
 - 3 **Not Applicable** -- The course section is not a remedial course section.
-

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '3' ('Not Applicable') if value provided for PCH-E910 (Course Section Remedial Learning Indicator) equals 'N'.
-

Comments: This data element was previously called "Required for Progress toward Degree Flag".

Last Updated: October 3, 2008

Data Element: **Student Completion Year**

ID: PCH-E0040

Definition: The 12 month period, in which a student is awarded a degree or certificate from an institution, extending from the beginning of Summer term of one calendar year to the end of Spring term of the next calendar year.

Example: 200607

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any enrollment year expressed in the format 'XXXXYY', where 'XXXX' represents the starting calendar year, and 'YY' represents the last two digits of the ending calendar year, of the enrollment year (e.g., '200607' for the enrollment year beginning with the Summer 2006 term and ending with the Spring 2007 term).

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value provided must equal the enrollment year sub-string (positions 5 through 10) in the name of the collection file (e.g., '200708' in '3603200708FLCompletion.txt').
-

Comments:

Last Updated: July 30, 2010

Data Element: **Student Completion Term**

ID: PCH-E0080

Definition: The academic term in which a student is awarded a degree from an institution.

Example: FL

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

SM Summer (Quarter System, Semester System)

FL Fall (Quarter System, Semester System)

WN Winter (Quarter System Only)

SP Spring (Quarter System, Semester System)

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value provided must equal the enrollment term sub-string (positions 11 and 12) in the name of the collection file (e.g., 'FL' in '3603200708FLCompletion.txt').
-

Comments:

Last Updated: July 30, 2010

Data Element: **Student Completion Campus ID**

ID: PCH-E0094

Definition: A unique two-digit code identifying which campus of a reporting institution awards a degree or certificate to a student.

Example: 10

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

See list of [valid values for PCH-E0094](#) in Appendix A.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. The value submitted must be a campus affiliated with the value submitted for PCH-E0090 (Institution ID).
-

Comments: New data element added following conversion of PCH-E0090 from “Agency ID” to “Institution ID”. (See comments for PCH-E0090)

Last Updated: May 2, 2009

Data Element: **Student Completion First Major: Program ID (REVISED)**

ID: PCH-E0930

Definition: Twelve character alphanumeric code identifying the primary field of study in a degree or certificate program completed by a student at a reporting institution during a reporting term.

Example: 123456ABCDEF

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any twelve-character alphanumeric value for PCH-E0220 (Program ID) provided by a reporting campus/institution, as reported in Day10Program.txt or in FinalProgram.txt.

Data Submission Rules:

11. A valid value must be provided in the appropriate field position in the collection file.
 12. The value of '999999999998' ('Undeclared or Not Applicable') is not valid for this data element because all completion records must have a primary field of study.
-

Comments: This data element was previously named 'Student Degree First Major'.

Last Updated: June 13, 2011

Data Element: **Student Completion First Major: Program Concentration ID**

ID: PCH-E0932

Definition: Eight-character alphanumeric code identifying the area of concentration within the primary field of study associated with a degree or certificate completed by a student at a reporting institution during a reporting term.

Example: 1234ABCD

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any eight-character alphanumeric value for PCH-E0230 (Program Concentration ID) affiliated with any value for PCH-E0220 (Program ID) provided by an institution, as reported in Day10Program.txt or in FinalProgram.txt.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide for this data element a value of PCH-E0230 (Program Concentration ID) affiliated in Day10Program.txt or FinalProgram.txt with the value of PCH-E0220 (Program ID) provided for PCH-E0930 (Student Completion First Major: Program ID).
-

Comments:

Last Updated: January 14, 2009

Data Element: **Student Completion Second Major**

ID: PCH-E0940

Definition: Six-digit NCES Classification of Instructional Programs (CIP) identifying a second major completed by a student at a reporting institution during a reporting term.

Example: 230501

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any valid six-digit NCES 2000 Classification of Instructional Programs (CIP) code in 'XXXXXX' format, plus '999998' ('None').

See list of valid values for PCH-E0940 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '999998' ('None') if, and only if, a student did not complete a second major.
 3. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.
-

Comments: This data element was previously named 'Student Degree Second Major'.

Last Updated: July 5, 2009

Data Element: **Student Completion First Minor**

ID: PCH-E0950

Definition: Six-digit NCES Classification of Instructional Programs (CIP) identifying a first minor completed by a student at a reporting institution during a reporting term.

Example: 230501

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any valid six-digit NCES 2000 Classification of Instructional Programs (CIP) code in 'XXXXXX' format, plus '999998' ('None').

See list of valid values for PCH-E0950 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '999998' ('None') if, and only if, a student did not complete a first minor.
 3. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.
-

Comments: This data element was previously named 'Student Degree First Minor'.

Last Updated: July 5, 2009

Data Element: **Student Completion Second Minor**

ID: PCH-E0960

Definition: Six-digit NCES Classification of Instructional Programs (CIP) identifying a second minor completed by a student at a reporting institution during a reporting term.

Example: 230501

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any valid six-digit NCES 2000 Classification of Instructional Programs (CIP) code in 'XXXXXX' format, plus '999998' ('None').

See list of valid values for PCH-E0960 under the Documentation tab in the PCHEES system.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
 2. Provide '999998' ('None') if, and only if, a student did not complete a second minor.
 3. CIP codes are frequently represented as 'XX.XXXX', where the first two digits denote a broad area of instruction and the latter four digits represent a sub-area of instruction. Do **not** provide CIP codes in this format. Instead, provide the six numbers without the period.

Last Updated: July 5, 2009

Data Element: **Student Teaching Certification ID**

ID: PCH-E0970

Definition: Seven-character alphanumeric Certification Number assigned to a student by the Washington Office of Superintendent of Public Instruction (OSPI) when approving teacher certification paperwork submitted for the student by the reporting institution.

Example: 123456A

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any valid seven-character alphanumeric OSPI Certification Number

Data Submission Rules:

1. A valid value or 7 spaces must be provided in the appropriate field position in the collection file.
 2. Provide 7 spaces if a student was not assigned a Certification Number by OSPI.
-

Comments: This data element replaces PCH-E0970 (Student Degree First Endorsement) and PCH-E0980 (Student Degree Second Endorsement). There is no longer any need for institutions to submit endorsement information to OFM, since OFM will be able to collect more of this information, and in greater detail, directly from OSPI once a student's OSPI Certification Number is provided in PCHEES submissions.

Last Updated: January 16, 2009

Data Element: **Student Completion Non-Institutional Credits Earned**

ID: PCH-E0990

Definition: Total credits earned elsewhere but applied towards completion of a student's program of study at an institution.

Example: 102.50

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any numeric string in 'XXX.XX' format between '000.00' and '999.99'

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: This data element was previously restricted to the first degree received by a student at a reporting institution.

This data element was previously named 'Student Degree Non-Institutional Credits Earned'.

Last Updated: January 15, 2009

Data Element: **Student Completion Institutional Credits Earned**

ID: PCH-E1000

Definition: Total credits earned at a reporting institution and applied towards a student's completion of a program of study at that institution. (This number does not include credits earned elsewhere but applied toward completion of the program of study.)

Example: 045.50

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Any numeric string in 'XXX.XX' format between '000.00' and '999.99'

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.
-

Comments: This data element was previously restricted to the first degree received by a student at a reporting institution.

This data element was previously named 'Student Degree Institutional Credits Earned'.

Last Updated: January 15, 2009

Data Element: **Student Post-Baccalaureate Degree Indicator**

ID: PCH-E1010

Definition: One-alpha character code indicating whether a student completing a program of study at a reporting institution had previously earned a bachelor's degree at the same or at another institution.

Example: Y

Collection Files Containing Data Element:

[PCH-F0150](#) Completion

Valid Values:

Y Yes, the student earned a bachelor's degree at the same or at another institution prior to completing his/her current program of study at the reporting institution.

N No, the student did not earn a bachelor's degree at the same or at another institution prior to completing his/her current program of study at the reporting institution.

Data Submission Rules:

1. A valid value must be provided in the appropriate field position in the collection file.

Data Element: **Student SAT Date Taken**

ID: PCH-E1020

Definition: Eight character date when the student took the Scholastic Aptitude Test (SAT). The SAT scoring changed beginning in March 1, 2016 and the new test scores are not equivalent to the older test scores. Scores where the student took the SAT before March 1, 2016 are old scores and those taken after March 1, 2016 are the new scores. This date field will be used to determine whether the student SAT scores are from the old or new test.

NOTE: The SAT tests changed beginning in March 1, 2016. The new test scores (tests taken on or after 3/1/2016) are reported in data elements PCH-E1030, PCH-E1031, PCH-E1035, PCH-E1036 and PCH-E1037. The old test scores (tests taken before 3/1/2016) are reported in data elements PCH-E0690, PCH-E0691 and PCH-E0692.

Example: 20160826

Collection Files Containing Data Element:

[PCH-F0070](#) Day10Admission
[PCH-F0080](#) Final Admission

Valid Values:

Any actual date expressed in the format 'YYYYMMDD', where 'YYYY' is the year (e.g., '2016'), 'MM' is the number for the month (e.g., '08' for August), and 'DD' is the number for a day in the month (e.g., '26').

Data Submission Rules:

1. A valid date value must be provided if values exist for PCH-E0690 (Student SAT Math Score), PCH-E0691 (Student SAT Critical Reading (Verbal) Score), PCH-E0692 (Student SAT Writing Score), PCH-E1030 (Student SAT Math Section Score), PCH-E1031 (Student SAT Evidence Based Reading and Writing Section Score), PCH-E1035 (Student SAT Math Subsection Score), PCH-E1036 (Student SAT Reading Subsection Score) or PCH-E1037 (Student SAT Writing and Language Subsection Score).
2. The date must be provided in 'YYYYMMDD' format in the appropriate field position in the collection file. When a date is not required then provide 8 spaces.
3. The value provided should not be earlier than 19700101 (January 1, 1970)
4. If a date is provided, the date must be less than the date of submission.

Data Element: **Student SAT Math Section Score**

ID: PCH-E1030

Definition: A student's highest section score on the Math portion of the Scholastic Aptitude Test (SAT) when the student took the SAT on or after March 1, 2016.

NOTE: The SAT tests changed beginning in March 1, 2016. The new test scores (tests taken on or after 3/1/2016) are reported in data elements PCH-E1030, PCH-E1031, PCH-E1035, PCH-E1036 and PCH-E1037. The old test scores (tests taken before 3/1/2016) are reported in data elements PCH-E0690, PCH-E0691 and PCH-E0692.

Example: 730

Collection Files Containing Data Element:

PCH-F0070 Day10Admission
PCH-F0080 Final Admission

Valid Values:

Any three-digit integer string that is a multiple of ten between '200' and '800' (e.g., '730')

Data Submission Rules:

1. Provide 3 spaces when PCH-E1020 (Student SAT Date Taken) is less than March 1, 2016 or blank (all spaces).
2. Provide a valid value (not spaces) when PCH-E1020 (Student SAT Date Taken) is greater than or equal to March 1, 2016 and the Student took the SAT test.
3. If either SAT section score is provided (PCH-E1030 or PCH-E1031) then both section scores (PCH-E1030 and PCH-E1031) must be provided.
4. If any SAT subsection score is provided (PCH-E1035, PCH-E1036, PCH-1037) then both section scores (PCH-E1030 and PCH-E1031) must be provided.

Comments: Users of this data should note that the SAT tests changed beginning in March 1, 2016. The scores for SAT tests taken before and after this date are not equivalent. Old and new scores should not be used in conjunction without proper concordance. [Concordance tables](#) are available from the College Board.

Data Set File: **Term Completions Identifiable**

ID: PCH-S0040

File Name: Term_Completions_Identifiable_<Collection><Term><Year><Course Provider>
 <Submission>. txt

When the data set is created for all institutions then <Course_Provider> will be "All_Institutions"
 and <Submission> will be blank.

Examples:

"Term_Completions_Identifiable_DAY10_WN201011__Central_Washington_University
 _S007.txt"

"Term_Completions_Identifiable_DAY10_WN201011__All_Institutions.txt"

Record Format: Tab-Delimited Text

Record Length: Variable

Record Grain: Completion Year, Completion Term, Institution ID, Completion Campus ID,
 Student ID, Program ID, Program Concentration ID

Excel Warning: Several data elements contain a leading zero. When opening the text file in Microsoft Excel, the
 leading zero will be dropped unless you format the column as Text when you import the file using
 the Text Import Wizard. Fields requiring Text formatting are identified with "(see Excel Warning)"
 in the record layout below.

Comments:

- New use of four-digit CEEB codes following conversion of PCH-E0090 to institutional identifier. (See comments for PCH-E0090.)
- Two year institution IDs were removed from the list of valid values for PCH-E0090 in April 2013. Two year institution data is no longer collected by the PCHEES system.
- Institution ID C050 was created in August 2015 for the collection of semester enrollment and completion data from Eastern Washington University (EWU). This new institution ID allows us to separate EWU quarter data from their semester data.
- Institution ID C051 was created in June 2018 for the collection of semester enrollment and completion data from Washington State University (WSU) College of Medicine. This new institution ID allows us to separate WSU College of Medicine data from the other WSU data.
